Latest Funding and Sector News....

[Chris Packham - A Peoples Manifesto for Wildlife](#)

This manifesto was conceived to publish a set of informed ideas from a parliament of strong, independent voices. Ideas which, if implemented today, would make a huge difference for wildlife tomorrow.

[Drawdown Climate Solutions](#)

The objective of the solutions list is to be inclusive, presenting an extensive array of impactful measures already in existence. Each solution is measured and modelled to determine its carbon impact through the year 2050, the total and net cost to society, and the total lifetime savings (or cost). You can examine solutions individually to see where they fit within the rankings or grouped by sector such as women and girls, land use, or transport.

[Future Generations Commissioner for Wales - Annual Report 2017-18](#)

In this report the Future Generations Commissioner presents an overview of the work her office has done during their second year of operation to create the right conditions for the implementation of the Well-being of Future Generations Act.

[Intergovernmental Panel on Climate Change \(IPCC\) New Report – Impacts of Global Warming of 1.5°C Above Pre-Industrial Levels](#)

With clear benefits to people and natural ecosystems, limiting global warming to 1.5°C compared to 2°C could go hand in hand with ensuring a more sustainable and equitable society.

[Invest in Nature Cymru – Recording the Natural World](#)

Recording the wildlife, plants, and habitats that you come across in your garden or out and about is a great way to help protect the natural world whilst also looking out for your own health and well-being. Check out this webpage and toolkit for more information on recording the natural world and get started with examples of surveys and organisations looking for support.

[National Survey for Wales 2017-18 Results](#)

The National Survey for Wales involves over 11,000 people a year across the whole of Wales. The results are used by the Welsh Government to help make Wales a better place to live.

[Public Health Wales - Creating healthier places and spaces for our present and future generations](#)

This resource has been created to support actions that address and enhance the health and well-being opportunities afforded by the natural and built environment. The resource focuses on six priority areas: walking and cycling infrastructure, green and blue spaces, food growing and retail, local community, health, and care facilities, air pollution, and building design.

[Third Sector Support Wales Funding – Call for Case Studies](#)

Does your group or project have funding journey stories? TSSW would love to share your experiences on their new funding website.

[WCVA – Well-being of Future Generations \(Wales\) Act: Five Ways of Working](#)

Factsheets

These factsheets introduce the five ways of working of the Well-being of Future Generations Act. They explore what the ways of working might mean in practise, some of the barriers to implementation, their potential impact on the third sector, and some useful resources and support for further thinking.

Well-being of Wales 2017-18 Report

Welsh Government's report provides an update on progress being made in Wales towards the achievement of the 7 well-being goals by reference to the 46 national indicators for Wales and additional contextual information where appropriate.

WWF - Living Planet Report 2018

The Living Planet Report 2018 shows that wildlife populations have declined by over half in less than 50 years.

Zero Carbon Britain - Raising Ambition Report

This new report from ZCB shows that clean energy could now meet all our electricity needs, at all times of the day, and all year round. The report draws on scenarios designed to meet the climate targets of the Paris Climate Agreement, developed at the global, regional, national and sub-national scales. Over 130 scenarios were assessed and mapped – the largest number yet in any comparable exercise, including 18 in-depth case studies.

What's New?

Biodiversity Solutions Grants

Biodiversity Solutions is a Social Enterprise body with a stated remit to use any surplus funding for projects which enhance knowledge of wildlife issues in West Wales or contribute towards conservation work in the area.

The Carbon Trust - Energy Efficiency Loan Fund

The Carbon Trust Energy Efficiency Loan Fund offers finance for energy efficiency and renewable energy projects for organisations based in Wales. Companies can borrow from £3,000 to £200,000 interest free and unsecured, with no set-up or administration fees. The loans are structured so that in most cases the monthly energy savings should exceed the monthly repayment amount. Check your eligibility or find out more on the Energy Efficiency Loan Fund webpage. Loans are available for a wide range of energy saving projects, including heating, cooling, lighting and solar PV, amongst many others. It only takes 15 minutes to apply and if successful, an application will be processed within 10 working days.

Grow Wild – Community Projects 2019

Grow Wild is awarding grants of £2,000 or £4,000 to groups across the UK to deliver projects in their community focused on UK native wildflowers, plants and fungi. They will fund all sorts of things from creative events, art work to establishing wild flower areas. Applications for funding will close at midday on **Monday 10 December 2018**.

Landfill Disposals Tax Communities Scheme

The LDT Communities Scheme is the successor to the Landfill Communities Fund (LCF) in Wales. Projects will continue to benefit from any LCF support awarded before 31 March 2018. There is a two year transitional period (1 April 2018 to 31 March 2020) to enable LCF projects in Wales to be completed and for all remaining LCF in Wales to be spent. The new scheme will support local community and environmental projects from any sector operating within a 5 mile radius of certain waste treatment and transfer stations or landfill sites. Grants of between £5,000 and £49,999 are available. The Autumn 2018 is now open and **closes on 18 January 2019**. More details are available on the WCVA website [here](#) or by emailing LDTgrants@wcva.org.uk

Track 2000 - Community Resource Services Grant Legacy Fund

If you are a registered charity, community voluntary group, social enterprise and need vital grant support Track 2000 can help you achieve your organisations goals and aims in environmental improvements, training education for all and strengthening disadvantaged communities. Grants of £5,000 - £35,000 are available for to small charities in South Wales to cover revenue and capital costs.

Transform Foundation Grants

Grants are currently available to help organisations redevelop their website and pay for facebook advertising to build their online income and increase their charitable impact.

Volunteering Wales

A new round of Volunteering Wales Grants is open, with opportunities for project funding of up to £20,000 for activity from 1 April 2019 - 31 March 2020. Grants will be allocated to projects that can demonstrate that they are able to make a contribution to delivering the Welsh Government's strategy, [Prosperity for All](#), which describes a long-term aim to build a Wales that is prosperous and secure, healthy and active, ambitious and learning, and united and connected. Volunteering Wales Grants is a scheme funded by the Welsh Government to promote and improve volunteering in Wales. The deadline for applications is **5 December 2018**.

Welsh Government – Healthy and Active Fund

The Healthy and Active Fund (HAF) seeks to improve people's mental and physical health by enabling them to adopt healthy and active lifestyles. Phase 1 of the HAF will support projects that strengthen and develop community assets, with £5 million available to invest over 3 years, from April 2019 – March 2022. The fund opened for expressions of interest in early October 2018 with a view to successful projects starting delivery in April 2019.

Further information is available through contacting HealthyAndActiveFund@gov.wales

Welsh Government - Wales for Africa Grant Scheme

The Welsh Government Wales for Africa Grant Scheme will enable community groups and organisations throughout Wales to access funding for small-scale Wales-Africa projects. Funding will be allocated under four thematic areas: health, sustainable livelihoods, lifelong learning, and climate change and the environment. The October 2018 grant rounds are now available:

- **Small Grants between £500 - £5,000 – deadline 23 November 2018**
- **Multi Year Project Grant up to £50,000 – deadline 30 November 2018**

For more information visit the WCVA website [here](#) or email walesafricagrants@wcva.org.uk

Crowdfunding & Online Fundraising

BT MyDonate

MyDonate is a not-for-profit, online fundraising service for UK charities from BT. This service provides a secure, easy-to-use way for millions of people to raise money for their favourite charity. With MyDonate your charity gets the whole contribution – as well as the full 25 per cent Gift Aid – with no fees beyond those charged by a donor's debit or credit card company.

CharityChoice

As the UK's largest [charity directory](#), CharityChoice lists over 160,000 charities online. Charity Choice has been helping people to find charities for over 25 years. UK registered charities can benefit from a free personalised "microsite" entry within Charity Choice's online directory including a safe, secure and commission free online donation facility. The basic package is free, while an optional premium subscription costs £89 a year plus VAT.

Crowdfunder

Crowdfunder is a community of over 400,000 people who are funding the change they want to see. Crowdfunder have been the funding platform for business ideas, charities, people in need, community groups, sports clubs, political movements and much more. Thousands of people have used Crowdfunder to raise the funds they need to make things happen. You can raise money through donations or by offering rewards, or with community shares. +Funders grants are available for an extra boost of funding.

Earth Ways

Earth Ways crowdfunding platform was created to help raise funds for projects which support three key ethical principles: Earth Care, People Care and Fair Share. Earth Care refers to activities which preserve the soil, keep the air and water clean, protect biodiversity, and conserve energy and natural resources. People Care is about health and well-being, nourishment with good food, lifelong learning, trust, respect and meaningful work. Fair Share emphasises equitable distribution of resources, networking and cooperation, reduction of consumerism, and rethinking notions of growth, progress and development. Any campaigns you wish to submit need to work towards helping at least one of the ethics and may not negatively influence any of the three.

EveryClick

EveryClick is an award winning technology and fundraising company. Fees are retained by payment partner Technology Trust. EveryClick is a profit-making organisation that generates revenues from its Give as you Live shopping and price comparison website, which allows users to raise money when shopping on the web. It retains half the retailer's commission to develop the shopping platform and improve the user experience. Give as you Live aims to provide charities with new revenue streams, with no charges to charity or supporter, by using retailer commission.

Givey

Givey is a for-profit organisation that charges fees to cover the cost of processing transactions and running its crowdfunding platform. Givey say: *"We are the champions for small to medium-sized charities, we have an ethos of transparency and believe in using technology to help charities raise more money."*

GlobalGiving

GlobalGiving is the first and largest global crowdfunding community that connects nonprofits, donors, and companies in nearly every country around the world. We make it possible for nonprofits from Afghanistan to Zimbabwe (and hundreds of places in between) to access the tools, training, and support they need to be more effective and make our world a better place.

GoFundMe

Launched in 2010, GoFundMe is the world's largest social fundraising platform, with over \$3 billion raised so far. With a community of more than 25 million donors, GoFundMe is changing the way the world gives. Whether it is for a local charity, an international non profit organisation or just a deserving person in your area, you can fundraise quickly and easily on GoFundMe. Use your GoFundMe campaign for end-of-year fundraising or special projects.

Growing A Greener Britain – Spacehive Crowdfunding

Grow a greener Britain by creating or transforming green spaces across the UK! Funding is available to transform inspiring ideas into a reality; so whether you want to spruce up a community garden or build an aquaponic roof-top farm, Growing a Greener Britain want to see your ideas! Anyone and everyone can come up with an idea and upload it onto the crowdfunding platform, Spacehive. If your project is popular with the crowd, and meets our criteria, you could get your hands on a pledge of up to £5,000! Growing a Greener Britain was set up by The Landscape Group, a nationwide contractor that looks after public green spaces across the UK. #GreenerBritain

Just Giving

Just Giving is a crowdfunding platform which makes good things happen! Just Giving's mission is to ensure no great cause goes unfunded. Since founding in 2001, Just Giving has helped 25,788 charities worldwide raise over \$4.2 billion for good causes. Funding can be raised for anything that has a positive impact on individuals, communities, and the environment. If you don't hit your target you'll still receive any funds you raised (minus some small fees), so you can still make good things happen. Launch a campaign in minutes and crowdfund the money you need for a specific project or appeal. People can fundraise for the campaign as well as donate, which helps your story travel further, and your campaign will be promoted on the website to 18m members.

Localgiving

Localgiving is a charity that helps grassroots organisations fundraise online, develop their digital skills and connect with local people. Since 2009, they have helped charitable organisations raise over £15 million online! Join for £96 per annum to access secure donations, automated gift aid, regular match funding, in-depth reporting, and one-to-one support.

Localgiving free membership and support for Welsh charities and community groups

Are you interested in building sustainable income streams, developing your supporter base and raising unrestricted funding for core costs? Online fundraising is very easy and very cost effective. Localgiving is offering a year of free support to 100 groups in Wales. This help includes creating a donation page, running online appeals and encouraging individuals to fundraise for you. Localgiving is already helping over 250 groups across every county in Wales to raise awareness and funding for their causes, as well as unlocking lots of match funding.

UK wide, over the last 9 years, Localgiving has helped charitable organisations to raise over £21 million online and in August 2018, thanks to generous funding and support from Big Lottery Wales and Garfield Weston Foundation Localgiving launched the third year of its Wales Development Programme. Through the programme, Localgiving will work with a further 100 local community groups across Wales. It is an entirely free opportunity and includes:

- A year's free Localgiving membership (usually £96) for local voluntary & community groups. This also gives all groups access to gift aid - an extra 25% - on all of their donations, whether they are registered charities or not.
- A match fund campaign (a £200 grant for every group that signs up) to make that first 'ask' much easier for groups.
- Opportunities for match funding throughout the year - see localgiving.org/what-we-do/campaigns for more info on the different match funding campaigns.
- A package of training on online fundraising and 1:1 support from a dedicated, locally-based Localgiving team member.

If you would like to sign up to Localgiving just follow these simple steps and **enter the promo code WALES100** at the payment section: join.localgiving.org/wales

This is a completely risk-free opportunity to look at a new income stream whilst being completely supported. Please let Localgiving's Wales Development Manager, Lauren Swain, know if you have any questions. She can be reached via lauren@localgiving.org or **07808889672**

PayPal Giving Fund

PayPal Giving Fund gives charities of all sizes access to customer giving programmes, across PayPal, eBay and more. PayPal Giving Fund is a registered not-for-profit organisation that raises new funds for charities through technology. Participation in PayPal Giving Fund is free, and the site provides donation and donor reports, issues tax receipts, aggregates donations for monthly electronic distribution, and handles legal registration requirements.

TheBigGive

The Big Give enables charities and projects of interest to be discovered and donated to easily. In addition to match funding campaigns, they also provide a number of other services to help charities, individuals and philanthropists to connect and raise more money online. The Big Give is supported by reed.co.uk which helps provide a cost-effective service for both charities aiming to raise funds, philanthropists wishing to leverage their giving and individuals wishing to donate money online.

Total Giving

Total Giving is a free online fundraising platform for charities, with over 13,000+ uk charities registered. The money goes instantly and directly to your charity. There are no sign-up or on-going fees.

Virgin Money Giving

Virgin Money Giving allows charities, corporates, teams and individuals to raise money online easily and efficiently to support a host of activities. The site charges a one-off set-up fee of £150 plus VAT, plus a transaction fee of 2% on donations and event fees.

WeTheTrees

WeTheTrees came about when a group of active permaculturalists realised that the environmental community could really use a unique way to raise money. WeTheTrees provides a way for all of us to present our projects to our family, friends and the greater community and offer them the opportunity to contribute. Join in this effort, [submit your campaign](#), and [support your community!](#)

[Wonderful](#)

Wonderful is a non-profit organisation run by volunteers and funded entirely by corporate sponsorship from philanthropic businesses, which guarantees that charities, fundraisers and sponsors pay nothing whatsoever to run crowdfunding campaigns.

[YouCaring](#)

YouCaring is an online fundraising platform that pioneered Compassionate Crowdfunding™—empowering people worldwide to rally support for personal and charitable causes without the fundraising fees associated with other sites. To date, the YouCaring community is 5.5 million strong and has raised more than \$500 million for humanitarian causes. YouCaring's easy-to-use fundraiser template allows you to create an effective home page for your crowdfunding campaign. Show potential donors how they can help by telling a compelling story, uploading several pictures and videos, and posting updates.

Charities, Trusts and Foundations

Alan Evans Memorial Trust

The Alan Evans Memorial Trust offers small grants to charitable organisations active in the UK. Funding is at the discretion of the Trustees and previous grants awards have been for £1,000 and £1,500. The scheme aims to fund projects for the permanent preservation of areas of natural beauty or historic interest, including projects involving animal or plant life. Interested applicants may apply at any time. The Alan Evans Memorial Trust is temporarily closed for new applications whilst they transfer trustees. For further information email: aevans@roydswithyking.com

Albert Van Den Bergh Charitable Trust

Grants are available for charitable organisations that are concerned with health research and care for patients who have cancer, multiple sclerosis or other diseases and disabilities, care for older people and children in the UK. Funding is available for general charitable purposes with preference given to supporting charities which assist health research, and care for older people and children. Previous grants have been given in areas including conservation, community help and hospices. For further information email: jane@trevornick.co.uk or trustees@albertvandenbergh.org

ASDA Foundation

Capital grants of between £5,000 and £20,000 are available to charities and not-for-profit organisations in the UK for local projects that benefit the wider community, address local needs and make a significant difference to the local community.

Awards for Excellence in Recycling and Waste Management

Run by letsrecycle.com, the Awards for Excellence in Recycling and Waste Management aim to recognise innovation, dedication and success in recycling and sustainable waste management in the UK. Entries are invited from local authorities, waste management companies, social enterprises, reprocessors, and from industry and commerce in the UK (see descriptions of award categories for additional information). For further information on how to obtain this grant locally, please contact daniella.t@letsrecycle.com or iona.s@letsrecycle.com.

Balcombe Charity Trust

Grants are available for charitable organisations in the UK undertaking projects for education, the environment, health and welfare. Funding is at the discretion of the Trustees. Previous grants have been awarded for between £200 and £160,000. For further information email: jonathan.prevezer@citroenwells.co.uk

Belsize Charitable Trust No 1

The Belsize Charitable Trust No 1 offers grants to charitable organisations working in the UK undertaking projects in conservation, heritage and the environment. Funding is available at the discretion of the Trustees with no maximum value. The application process is ongoing and interested applicants may apply at any time. For more information call **01235 232 700**.

Bernard Sunley Charitable Foundation

The Foundation provides grant funding to registered, accepted or exempt charities in England and Wales in support of a wide range of projects in the areas of community, education, health and social welfare. Three tiers of grants are available; small up to £5000,

medium £5001-£24,999 and large over £25,000. The Foundation will very rarely fund the full costs (or even 50%) of a project or shortfall as it expects to be one of many contributors to a project. The trustees support capital projects only, and not running costs. Proposals are accepted only via the online application form, for further information visit www.bernardsunley.org

Bluestone Foundation Community Fund

The Bluestone Foundation Community Fund was established in 2017 in partnership with the Pembrokeshire Association of Voluntary Services (PAVS) to offer financial assistance with the costs of community projects, initiatives and volunteering throughout Pembrokeshire.

The Bluestone Foundation Community Fund offers funding to -

- Economic projects that will foster entrepreneurialism and enhance prospects for employment and development
- Projects which raise environmental awareness through education and a volunteer programme
- Social projects which address the effects of deprivation and poverty, with particular emphasis on youth

Organisations demonstrating that they are prepared to help themselves will be prioritised. Applicants are able to apply for funding of up to £5,000. Applications for both capital and revenue costs will be considered, so long as they are associated with discrete projects. General running costs are not applicable and no direct sponsorship or support is offered to individuals through this Fund.

Bodfach Trust

Grants for charities in Mid-Wales and the Welsh borders involved in affordable housing, care for the elderly, helping young people, preservation of old buildings, and supporting green spaces and public parks. Application forms are available to download from the Trust's website [here](#).

Bothwell Charitable Trust

Grants are available for charitable organisations undertaking projects that include countryside issues in the UK. Funding is at the Trust's discretion. Applications must be made in writing. Contact the Bothwell Charitable Trust for further information on **0208 657 6884**.

British Airways Carbon Fund

The British Airways Carbon Fund supports community renewable energy and energy efficiency projects throughout the UK. It is a voluntary scheme for British Airways' customers who wish to travel responsibly and mitigate the impact of their journey. Pure Leapfrog manages donated funds on behalf of British Airways and both organisations work collaboratively to identify suitable community-based projects that not only reduce carbon emissions but also provide strong social impacts to communities. For more information on the fund please see [Pure Leapfrog's website](#).

British Ecological Society - Outreach Grants

Grants are available to organisations to support projects that promote ecological science to a wide audience. This fund is managed by the British Ecological Society (BES). Ecology is defined by the BES as the scientific study of the distribution, abundance and dynamics of organisms, their interactions with other organisms and their physical environment. The

maximum award is £2,000. It is essential that applications promote and engage the public with the science of ecology. All objectives must be aimed at a non-academic audience and all projects must provide a clear demonstration of direct interaction with the public. Find out more [here](#). The next round is open in January 2019 with a **deadline in March 2019**.

Burbo Bank Extension Community Fund

Grants are available to a range of not-for-profit organisations for new or existing community and environmental projects that benefit local residents in Denbighshire, Flintshire, the Wirral and Sefton. The Burbo Bank Extension Community Fund has been set up by Orsted (formerly DONG Energy), the firm behind the new offshore wind farm in Liverpool Bay. The fund will provide up to £225,000 each year for the next 25 years (2015-2040); small grants £500-£5,000 and main grants £5,001-£25,000. Main grant applications will need to secure a minimum of 20% of match funding (does not have to be secured prior to application). The funding can support community building improvements, environmental projects such as the enhancement of parks and open spaces, and wildlife projects including improvements to marine and coastal habitats. The next deadlines for applications are **3 April 2019 and 25 September 2019**. Further information and an interactive map showing the area of benefit is available on the GrantScape [website](#) or email: bbecf@grantscape.org.uk.

The Carbon Trust - Green Business Fund

The Carbon Trust [Green Business Fund](#) is an energy efficiency support service for small and medium-sized companies in England, Wales and Scotland. It provides direct funded support through energy assessments, training workshops, equipment procurement support and 15% of the project cost up to £5,000. In addition, The Carbon Trust requires businesses to use accredited suppliers when applying for capital contribution. Accredited suppliers can be found either on the [Green Business Directory](#) or [BESA](#) list. Alternatively, companies can use The Carbon Trust's free equipment procurement support service to help find equipment suppliers who can provide detailed quotes and who have been proven to deliver energy saving projects in the past.

Cardiff YMCA Trust

The Foundation will consider applications for grants from voluntary organisations, charitable organisations and individuals (£250-£2000). The trustees consider that the core area to be served by the Trust is Cardiff and Vale of Glamorgan. Grants will normally be made for capital expenditure. Please email Jan.johnson@ymcacardiff.wales or phone 07980 772397 for an application form.

Ceredigion - Community Grant Scheme

Financial assistance is available to voluntary and community groups in Ceredigion to support projects that will benefit the local community. Capital grants of up to 50% of the project cost with a maximum grant of £25,000 are available to community groups, community councils or bona fide voluntary sports and play associations that aim to improve and increase the range of facilities, activities and opportunities within Ceredigion. For further information please contact financegrants@ceredigion.gov.uk

Chapman Charitable Trust

Grants are available for recognised charities in North Wales for new work in the areas of activity, health and well-being, including research, culture, the natural environment and heritage. The Trust has around £300,000 to give in grants each year, with grants usually between £1,000- £2,000. The trustees meet twice a year, in March and September. For

further information and an online application form, see the trust website [here](#).

Charles Hayward Foundation

The Foundation awards grants to registered charities only. Large and small grants are available, depending on the level of income of the organisation applying, with a maximum grant amount of £50,000. Small grants are considered every two to three months on a rolling basis with a two-stage application process invited for large grants. Projects that are developmental or innovative are favoured. One of the Foundation's areas of interest is the purchase of land (or reclamation of recently purchased land) to be used for nature reserves.

The Chestnut Fund – Grants for conservation

The Chestnut Fund is an independent charity, working with The Conservation Volunteers (TCV), making grants available to encourage and enable community groups to carry out conservation activities. Start up grants are available to newly formed groups, the maximum grant for start ups is £150. Support grants are available to conservation groups of any age and the maximum is £350. Contact chestnut.fund@btinternet.com for more information.

CHK Charities Limited

The charity annually awards grants to charitable organisations in the UK involved in a wide range of activities. Grants made on a one-off basis will be towards core costs or for a specific project for which applicants have requested support; including contribution towards a building project, purchase of specialist equipment or assistance with running costs. Grants made for more than one year can be towards start-up costs, or for a specific item in the applicant's budget such as a salary, core costs or towards the costs of a particular project. Applications are considered by the Trustees approximately every two months.

CLA Charitable Trust

The Trust awards grants to organisations in England and Wales who are focused on providing access to the countryside for disabled individuals and disadvantaged inner city young people. It also supports the advancement of education in agriculture, horticulture and conservation for these groups. The average grant awarded is £2,500 with a focus on smaller projects where the grant makes a real contribution to the success of the project. Applications should be for a specific project or item of capital equipment, rather than on-going running costs. Projects which are based on horticultural activities must be able to demonstrate that they provide training to a recognised, accredited qualification for the participants. For further information email: charitabletrust@cla.org.uk or visit the [website](#) for more information and to download an application form.

Clothworkers' Foundation

The Clothworkers' Foundation was set up by The Clothworkers' Company in 1977. It is the independent charitable arm for the Company's charitable work. Since its establishment, the Trust has awarded grants totalling £100m. The Foundation aims to improve the lives of people and communities, particularly those that face disadvantage. Capital grants are awarded to charities that work in one of the specific programme areas and have an annual income of less than £15m. There are two funding streams, each with a cap on organisational income. The average grant amount is £7,000 - £25,000 and applications are accepted year round. An annual conservation fellowship and bursaries for qualified conservators are available to attend conferences and training events. The Foundation works directly with applicants. Emailed applications are no longer accepted.

Coalfields Regeneration Trust

The Coalfields Regeneration Trust has been actively working in Wales since 1999, investing more than £16 million in community regeneration. Development officers work with the community to tackle the issues that most affect the prosperity, resilience and opportunities available. The Trust has established strong relationships with Government, local authorities, Community First Partnerships and a range of third sector organisations, networks and support services. The Coalfields Community Grants Programme in Wales can award grants from £500 up to £7,000 for projects that can be completed within 12 months and can identify positive measurable outcomes for people. Projects will need to meet one or more of 8 themes to be eligible for support from the scheme. Competition for funding in Wales is high.

Cobb Charity

Grant for UK charitable organisations working to promote a sustainable environment through education. Eligible topics include traditional country skills, recycling, and organic food production. Grant applications can be submitted any time and maximum grant is £750. Application forms may be requested from the charity; eleanor.allitt@btinternet.com or Eleanor Allitt, Cobb Charity, 2 New Cottages, Village Street, Offchurch, Leamington Spa, CV33 9AP

Communities Investment Fund – loan finance via Social Investment Cymru, WCVA

Loans of £1,000 to £250,000 are available for suitably incorporated social businesses and charities that can demonstrate their ability to repay. There are few restrictions on how funds can be used but typically loans are for asset purchase, including community energy, or the establishment/expansion of income generating activities.

Co-op Foundation - Interest Free Loans

Do you own or manage a building or outdoor space that's used for a wide range of community activities? If your community organisation is thinking about growing its trading activities to generate more sustainable income, the Co-op Foundation's interest free loans might be able to help your plans take off.

Co-op Local Community Fund

Grants of up to £2,500 are available for small, locally based voluntary and community groups to support projects which benefit local communities around Co-op food stores and funeral homes across the UK or the Isle of Man. The Community Fund operates on an annual basis and applications are currently closed. Co-op will be looking for new causes to support early next year.

Cuthbert Horn Trust

The scheme is intended to support charitable organisations undertaking general charitable purposes. Previous grants have been for a range of activities such as conservation, education, environmental protection, help for disadvantaged children, music, research and transport. Funding is at the discretion of the Trustees. Previous grants have been for between £2,000 and £3,000 for project associated costs.

For further information email: ian.woodhouse@arnoldhill.co.uk

Dischma Charitable Trust

Grants are available for charitable organisations in the UK carrying out conservation activities. Funding is at the discretion of the Trustees who meet annually to review written

applications. Previous grants have been for between £500 and £5,000. For further information email: linda.cousins@rathbones.com

D'Oyly Carte Charitable Trust

The D'Oyly Carte Charitable Trust funds United Kingdom Registered Charities operating in the UK in the fields of the advancement of the arts, health and medical welfare and environmental protection or improvement. The focus for 2018-2021 includes accessibility of the arts for young people, provision of art and music therapy to improve quality of life for the elderly and disabled, and protection and conservation of the countryside. The majority of grants are single grants over a one-year period of £500 - £5,000. All grant applications should be made online via www.doylycartecharitabletrust.org where the Trust's full application Guidelines can be downloaded. The Trustees usually consider applications in March, July and November. If you need a version of the application form in a more accessible format please email info@doylycartecharitabletrust.org.

DS Smith Charitable Foundation

The DS Smith Charitable Foundation supports charities engaged in conservation of the environment and providing training or educational opportunities. The charity aims to make a combination of small donations (£1,000 or less) and larger donations each year. Opportunities to develop multi-year partnerships with key selected charities are particularly welcome. For more information visit their [website](#) or contact: charitablefoundation@dssmith.com

Dulverton Trust

Established in 1949, the Foundation awards grants totalling over £3 million each year to UK registered charities working within the following areas; youth opportunities, general welfare, preservation, conservation, and Africa. Grants are awarded to charities with an income of over £200,000 and less than £10 million, with a preference shown to those with an income of below £5 million. For full guidelines, please visit the website: www.dulverton.org

Dŵr Cymru's Water Framework Directive (WFD) Fund

Since 2012, Dŵr Cymru have offered funding (circa £100k/annum) to support non-profit organisations that want to undertake projects that will help to implement the European Union's Water Framework Directive (WFD) within our supply area. We are the only UK Water company to operate such a scheme.

The main aim of this fund is to demonstrate in a practical way, how cost effective and beneficial such innovative and co-funded improvements can be in meeting the requirements of the Water Framework Directive by:

- Supporting 'on the ground' and 'in the water' projects that improve the ecology of the water environment.
- Targeting water bodies or protected areas that are failing to reach objectives under the WFD.

To date, Dwr Cymru have funded 19 projects, to a total of £900k allowing match funding to a total of £2m. For further information, please contact wfd@dwrcymru.com.

Ernest Cook Trust

The Trust's education department offers a wide-ranging programme of land-based learning for children and young people on its estates. The Trust accepts applications for grants for projects which directly educate children and young people in 'learning from the land'. Projects within the arts, literacy and STEM subjects that demonstrate a clear link to

'learning from the land' will be welcome. Work which encourages the continuation of rural skills and crafts is of particular interest to the Trustees. All applications are expected to link in with either the National Curriculum or with recognised qualifications. Grants are available for up to £4,000 (small) and over £4,000 (large) and operate throughout the year.

Esmée Fairbairn Foundation - Main Grants

Esmée Fairbairn Foundation is one of the largest independent grant-makers in the UK. The funding priorities for the environment strand are: Connecting people with nature and environment issues; nature conservation on land and at sea; countering the effects of damaging human activities and increasing understanding of lesser known plants, animals and organisms. Grants support core or project costs, including staff salaries and overheads. There is a two stage application process; first apply online (acknowledgement by email within a week, decision within one month), then answer questions from a Grants or Social Investment Manager (decision in 2 - 4 months). The total environment spent in 2016 was £5.7m (37 grants). These ranged in size from £15k to £600k. The average length of grant was 30 months. There are no deadlines or restrictions on re-applying.

Esmée Fairbairn Foundation - Food Grants

The aim of the Food strand is to find an alternative system that produces higher quality food in ways that are better for people, the environment and livestock. There is no maximum grant amount. However, the Foundation makes only a small number of grants in excess of £500,000 and it is unusual for the Foundation to give a grant of this size or larger to an organisation with which it does not already have a relationship. Funding priorities are: Local innovation in alternative approaches, Food and wellbeing, and Working towards a more coherent food sector.

February Foundation

The February Foundation awards grants to selected charitable causes. A number of areas are funded, including 'charities which protect the environment'. The average grant amount is £5k for core or capital costs. The Foundation is focussed on managing its current commitments, although applications from some charities are still being accepted. There is no application deadline as trustees make grant decisions on a monthly basis, however, applicants should not re-apply for at least 12 months and please note only around 5% of applications are successful. Email applications should be sent to rps@thefebruaryfoundation.org. Trustees' decision takes 12 weeks.

Field Studies Council – Kids Fund

The fund aims to bring environmental understanding to disadvantaged young people by helping them to attend a course at a Field Studies Council centre by paying up to 80% of fees (fund up to £3000). There are three funding rounds each year which close on **1 March, 1 June and 1 November** - you may apply at any time and your application will be held until the next decision round.

Finnis Scott Foundation

The Trustees of the Foundation can make grants for any charitable purpose, but their present policy is to focus grant-making in the areas of horticulture and plant sciences, as well as fine art and art history. Grants generally range from £500 - £10,000. British applicants who apply to Longwood Gardens and who are accepted into one of its international programmes may apply to the Finnis Scott Foundation for financial assistance with travel expenses to and from the United States. For an application form, email administrator@finnis-scott-foundation.org.uk.

Ford Britain Trust

Ford Britain Trust is committed to supporting local UK communities. Applications that are based near to a Ford plant or office location in the UK are awarded a higher weight by the Trustees. This is because an award will affect those who live and work near a Ford plant or office. For Wales this means the area within a 20 miles radius to the facility in Bridgend. The Trust pays special attention to projects focusing on education, environment, disabled people and youth activities.

- **Small grants:** up to £250, available three times a year (**1 April to 30 June, 1 August to 31 October, and 1 December to 28 February**)
- **Large grants:** from £251 to £3,000, available twice a year (**1 March to 31 July** for consideration in September, and **1 September to 31 January** for consideration in March)

The Fore Trust

The Trust is offering development funding of up to £30,000 over one, two or three years to UK-registered charities, CICs, CIOs and CBSs with an annual income of less than £500,000. Registration for The Fore's next funding round will open on 6 December 2018. Please note that registration operates on a first come, first served basis, and The Fore is only able to accept applications from organisations who have successfully registered to the round. The deadline for application submission is at 7 January 2019. For more information, please visit the [website](#).

Foyle Foundation

The Foundation is an independent grant-making trust that awards grants to UK charities across three schemes; since 2001 it has distributed £91.5M. The Foundation supports charities in three main areas: Main Grants Scheme ([Arts](#) and [Learning](#)), [The Foyle School Library Scheme](#) and [Small Grants Scheme](#) (for charities with a turnover of less than £150,000 per annum). Further information on each of these grants schemes can be found on the Foundation's website, www.foylefoundation.org.uk. There are no deadlines for submission and applications can be received at all times but it may take up to four months to obtain a decision from Trustees. Competition for funding is intense.

Frank Parkinson Agricultural Trust

The principal objective of the Trust is to support the improvement and welfare of British agriculture for the public benefit. The Trustees have developed a progressive strategy, informed by the conclusions and recommendations of the Foresight Report "The Future of Food and Farming" and other strategic reports addressing global issues. This strategy is centred on enhancing the productivity of British agriculture to meet the challenges of a growing world population and increased competition for resources. This must be achieved in partnership with the wider population and local communities. The Trustees are keen to encourage applications for financial support with projects and programmes that identify and spread best practice for the benefit of British agriculture. However, grants will only be made where clear benefits are quantified together with details of how these will be communicated and applied to the industry as a whole. The key element is 'leadership' - as the Trustees wish to see robust outcomes translated into widespread practical action. For more information please contact: janetpudsey@live.co.uk

Freshfield Foundation

The Freshfield Foundation provides grants to voluntary and community organisations in the UK undertaking projects in the areas of sustainable development, climate change mitigation and overseas disaster relief. Funding is at the discretion of the Trustees, but previous grants have been for up to £500,000. Contact the Freshfield Foundation for

further information: paul.k@bwm.co.uk

Frognal Trust

The Frognal Trust offers grants to charitable organisations active in the UK carrying out social welfare, environmental or community activities. The grant is intended to support small registered charities that work in areas including culture and heritage, conservation projects, community services, parks, hospices and nursing homes and ophthalmological research. Funding is at the discretion of the Trustees. Interested applicants may apply at any time: sue.hickley@wilsonslaw.com

Gannett Foundation

The Gannett Foundation provides funding to support local organisations in the area where Newsquest operates in the UK. This is mostly in South Wales, and in particular – Caerphilly, Carmarthenshire, Pembrokeshire and The Vale of Glamorgan. Applicants should, however, check their geographical eligibility in advance. The Foundation supports projects which take a creative approach to fundamental issues such as: education and neighbourhood improvements, economic development, youth development, local problem solving, assisting disadvantaged or disabled people, environmental conservation and cultural enrichment. Typically grants are between £5,000 and £10,000.

Garfield Weston Foundation

The Foundation is a large national grant maker accepting applications from charities all across the UK and has given over £70m in its last financial year. The Foundation is keen to see an increase in applications from Welsh charities. It accepts applications from organisations doing work in the following areas: Youth; Community; Welfare; Environment; Education; Arts; Faith; Health; Museums and Heritage. The Foundation accepts applications for activities (which include Core & project costs) and capital costs. For core and capital costs you can apply for up to 10% of the total budget. There are 2 programmes; Regular grants (under £100k); and Major grants (£100k+). To apply it involves a simple one stage application process, for which you can find all the information on how to apply and what should be included in the application on the Foundation's website www.garfieldweston.org. To be successful in your application, it is strongly advisable to read all of the guidance on the website before applying.

Gaynor Cemlyn-Jones Trust

Grant available for voluntary and community organisations in north Wales undertaking projects involving conservation activities, the protection and welfare of wildlife, and educational activities. Funding is at the discretion of the Trustees. Previous grants have been for between £1,000 and £10,000. Applications should be made in writing to Gaynor Cemlyn-Jones Trust, 122 Llanrwst Road, Bae Colwyn, Conwy, LL28 5UT or for further information email: colin.wickens@quiltercheviot.com

Go Think Big

If you're aged 15-24 you could be in with the chance of receiving up to £500 funding. GoThinkBig provides funding for ideas which help your community. Your project can be based around anything from skills workshops, podcasts or journalism pieces, to live events, community initiatives or apps.

Gordon Fraser Charitable Trust

Gordon Fraser Charitable Trust supports charitable organisations registered with OSCR or the Charities Commission. Awards are made quarterly with submission deadlines at the end of March, June, September and December for consideration in the following month.

Grants of between £500-£2,500 are available. Applications should be made online at www.gfct.org.uk. Please note that some preference will be given to projects in or for Scotland.

Graham Kirkham Foundation

Grants are available for charitable organisations carrying out education, welfare or community projects in the UK, including protecting and preserving buildings of architectural interest or sites of historical interest or natural beauty. Funding is provided at the discretion of the Trustees. Previous grants have generally been between £250 and £10,000 with a couple of larger grants up to £150,000. The application process is ongoing and interested applicants may apply at any time. For further information, contact 01302 573301.

Greggs Foundation – Local Community Projects Fund

The Local Community Projects Fund makes grants of up to £2,000 to help organisations based in local communities to deliver activities that they wouldn't otherwise be able to. Organisations are able to apply once per calendar year.

The HDH Wills 1965 Charitable Trust

The Trust makes grants to general, environmental and wildlife charities who are registered with the Charity Commission of England and Wales or they are exempt or excepted charities (within the meaning of the Charities Act 2011). Monthly grants between £250-1000 are made to general charities and they also make grants to charities that focus on the conservation of wildlife and the environment, grants are typically in the £1,000 to £2,000 range. It is important that the charity or project applying is small enough so the grant will have a meaningful impact. Grants are made on a rolling basis and so there are no deadlines for applications.

Henry Smith Charity

The Henry Smith Charity is an independent grant making trust. The Charity has two programmes under their Main Grants Strategy – Improving Lives and Strengthening Communities. Improving Lives focuses on organisations achieving specific results under clearly identified priority areas while Strengthening Communities looks at supporting small organisations doing community based work in the most deprived areas of the UK. For more information visit their [website](#) or contact **020 7264 4970**.

The Invigorate Charitable Trust

The trust makes grants to individuals and organisations undertaking activities in areas including education, heritage and conservation, science, human rights, and the environment. For more information contact:

cathy.hillam@bakertilly.co.uk

Jean Sainsbury Animal Welfare Trust

Grants are available for animal welfare charities registered with the Charity Commission which benefit and protect animals. Grants are normally in the range of £1,000 to £10,000. The Trust favours applications from smaller animal welfare charities. The deadlines for application each year are **15 January, 1 May and 1 September**. For more information and contact details go to www.jeansainsburyanimalwelfare.org.uk

Jephcott Charitable Trust

The Trust awards grants to registered charities and constituted groups in the Cardiff. Grants are available to help set up organisations or make a significant step forward for projects that will make a difference under one of the Trust's four main priorities, which

include the environment. Grants of between £2,000 and £10,000 are available and in exceptional cases, up to £20,000, towards project costs. This is a rolling programme and so applications can be made at anytime, the trust is keen to support projects which conserve the natural environment. Trustees meet in April and October to consider applications.

John Coates Charitable Trust

Grants, generally between £1,000-10,000, are available for registered charities that are undertaking charitable activities in the UK. Groups should write to the Trust for further information on how to apply: Rebecca Lawes, John Coates Charitable Trust, 3 Grange Road, Cambridge, CB3 9AS or phone: 01223301354

John Ellerman Foundation

The Foundation awards grants in three categories - Arts, Environment and Welfare. The Foundation's aim is to support charities that make a difference to people, society and the natural world. Environmental priorities include managing habitats and protecting the seas. The Trust will also consider applications for work in the UK Overseas Territories. The application process is in two stages: stage one requires a brief description of your organisation, financial summary and funding needs, if you are invited to stage two a full application will be requested. The minimum grant available is £10,000; there is no specific maximum however grants in excess of £100,000 are rare. The John Ellerman Foundation reopened in June with new guidelines which can be found [here](#).

John Spedan Lewis Foundation

The John Spedan Lewis Foundation (JSLF) provides finance for charitable purposes reflecting the interests of John Spedan Lewis - notably entomology, ornithology, horticulture and associated environmental and conservation projects. JSLF Trustees meet bi-annually to consider funding appeals from registered UK charities. The JSLF accepts appeals from charities for which natural history topics are explicitly stated among their charitable purposes, including wildlife conservation, entomology, ornithology and horticulture. Grants are generally of a value of between £1,000 and £6,000. Projects wishing to apply for funding should email the foundation for more information - jslf@johnlewis.co.uk

Joseph Rowntree Charitable Trust - Sustainable Future Programme

The Joseph Rowntree Charitable Trust's Sustainable Future programme focuses on developing and promoting sustainable, low-carbon alternatives to the current consumerist and growth-based paradigm. They will support a range of actions to achieve these aims, recognising this might include defending current policies, frameworks and regulations. You are advised to contact Maureen Grant, Assistant Trust Secretary, before completing an application.

The Lennox Hannay Charitable Trust

The Lennox Hannay Charitable Trust makes grants to registered charities in England and Wales. Grants are typically between £1,000 and £3,000. The Trust supports a wide range of charitable causes. In the past, these have included medical research, the welfare of young and old people, the arts, animal welfare, and for overseas benefit. There are no deadlines, and trustees meet twice each year to review applications. For more information and how to apply please contact: charities@rftrustee.com

The Lindley Foundation

The foundation supports activities which include the relief of poverty, arts and culture,

conservation and heritage, sports, animals and environment, and community development. For more information contact: couttscharities@coutts.com

Lloyds Bank Foundation for England and Wales

Lloyds Bank Foundation for England and Wales partners with small and local charities who help people overcome complex social issues. Through long-term funding, developmental support and influencing policy and practice, we help charities make life-changing impact. Our Invest grants provide long-term funding for the day-to-day running of your charity (core costs), and/or the direct delivery of your charity's work. Grants are from £30,000 to £100,000 over three years, with the possibility of continuation funding for up to six years in total. Enable grants are awarded to help charities develop, or trial new approaches to delivering services. Charities may receive up to £15,000 over one or two years. All Foundation grantees are offered a wide range of developmental support alongside our funding, including training, consultancy and mentoring to strengthen them and help them thrive far beyond the life of their grant. For more information visit www.lloydsbankfoundation.org.uk

The Lord Barnby Foundation

The Foundation offers grants of £1,000 to £5,000 to charitable organisations for general charitable purposes, the advancement of health or saving of lives, disability, the prevention or relief of poverty, animals, environment, conservation and heritage. Applications for support can be made at any time and should be made in writing to the Trust, along with a brief description of the organisation and anticipated project and a copy of the organisation's most recent accounts. For further details please write to The Lord Barnby Foundation, PO Box 442, Market Drayton, TF9 9EQ, Shropshire

Lush Charity Pot

Lush Charity Pot is funded by the fresh, handmade cosmetics manufacturer, Lush. 100% of the purchase price of this hand and body lotion (less tax) goes towards supporting humanitarian, environmental and animal rights causes in the UK and around the world. The majority of funding is allocated to small, grassroots groups that are often best placed to make a real difference with limited resources and often struggle to find funding. Charity Pot is sold in over 30 countries. Support ranges from a few hundred pounds to a maximum of £10,000 per application. The average grant is £3-4,000. More information is available [here](#).

Marsh Christian Trust

The Trust aims to support small registered charities through long-term core funding, in an attempt to assist these organisations to maintain their current and on-going activities; including environmental causes, animal welfare, heritage, education and health. Grants range from £250 to £4,000 with new applications at the lower end of this scale. The Trustees wish to engage in long-term support, in the form of money given on a recurring annual basis subject to yearly re-submission and review.

The Mercers' Charitable Foundation

The Charity's principal object is to make grants and donations for the benefit of a wide range of charitable purposes including welfare, education, the arts, heritage and religion. Wildlife/environment conservation falls under the heritage category and so applications will be considered for the protection and research of: UK endangered species; Flora and fauna and their habitat; Historic gardens and open spaces; and Marine conservation. Applications within the Heritage category are considered from all parts of the UK.

Millennium Stadium Charitable Trust

The Trust has four themes; Sport, the Arts, Community and the Environment. Under the Environment theme, the Trust encourages applications relating to recycling, developing green spaces, the development and promotion of green practices and the promotion of public transport schemes. Projects that improve the quality of Wales' environment, protect and create a vibrant countryside, and develop and promote sustainable land use planning will be a priority for support. The Trust aims to fund programmes that protect and enhance Wales' natural heritage and promote its sustainable use and enjoyment in a way which contributes to local economic prosperity and social inclusion.

National Marine Aquarium

National Aquarium Limited, a sister charity to the National Marine Aquarium, makes small grants available for interesting projects that will make a difference to our Oceans. These projects may be science-based but could equally be based around arts or drama – indeed, the more innovative the better, as long as they make a contribution to raising awareness of the marine environment. Grants awarded so far have been in the region of £1,200-£5,000 and it is likely that future awards will be of similar amounts. Applications will be screened by the National Marine Aquarium for compliance with the criteria set out in the grant guidelines before passing to the Trustee Board for consideration. Before the Trustee Board meet, there is a strict deadline of 3 weeks prior to Trustees meetings for applications to be received. For further information please see our [website](#).

The Naturesave Trust

The Naturesave Trust was set up in 1995 to fund specific environmental and conservation projects throughout the UK. It obtains 100% of its funds from the premiums generated by Naturesave Insurance, which uses the insurance industry as a vehicle for sustainable development. The primary function of the Trust is to encourage the greater adoption of sustainable development, especially within the Small and Medium Sized business community (SMEs). The Naturesave Trust accepts applications for funding from organisations, charities and companies whose activities are based within the UK.

Applications are accepted on a rolling basis and grants are awarded in accordance to how well the proposed activity fits with the Trust's criteria and objectives.

The Naturesave Trust - Community Renewable Energy Grants

The Naturesave Trust is now able to offer 'seed corn' grants for communities seeking funding for community energy initiatives. The trust recognises the heavy start up costs of such projects and the reluctance of traditional lenders to loan money for projects which may not get past the planning stage. The Trust may be able to assist your community energy project with funding to undertake all the preliminary work to get you to the planning stage and most importantly for the community to retain as much control as possible over the operating income once the project has been successful. If you have installed or are installing a Community Renewable Energy system, Naturesave Insurance has a [Small Scale Renewable Energy Insurance Scheme](#) which offers affordable insurance for solar PV, wind or hydro projects up to 750kw. If your system is larger than 750kw, please see the [Renewable Energy Insurance](#) page for information about the cover Naturesave Insurance can provide. Both funds can be applied for online. Further information, application guidelines and examples of previously funded projects can be viewed on the [Naturesave Trust website](#).

NFU Mutual Charitable Trust

The NFU Mutual Charitable Trust provides grants for projects that have impact on the rural communities of the UK. The Trust, in particular, supports projects which provide

support to those suffering from hardship in the rural community, and especially those from an agricultural background. It also supports projects which educate the public, and especially young people, about the agricultural industry and projects which promote the education of young people in rural areas. The objectives of The NFU Mutual Charitable Trust are to promote, facilitate and support such purposes as are exclusively charitable according to the laws of England and Wales in the areas of agriculture, rural development and insurance in the United Kingdom and in particular:

- To advance the education of the public by means of research and dissemination of information in relation to agriculture
- To advance the education of young people within rural areas
- To relieve poverty within rural areas
- To promote the benefit and social welfare of inhabitants of rural communities by associating together with the inhabitants and local authorities, voluntary and other organisations to advance education and leisure
- To promote research into agriculture associated activities
- To advance the education of the public by means of research and dissemination of information in relation to insurance

Donations vary from £1,000 to £50,000. However, the Trustees' funding is limited, therefore the larger donations are used to support organisations which have a significant impact on rural communities at a national level. Further details are available [here](#) or by emailing nfu_mutual_charitable_trust@nfumutual.co.uk

The Nineveh Charitable Trust

The Nineveh Charitable Trust (RCN 256025, registered 1968) supports a broad range of UK-based projects and activities of benefit to the General Public, with an emphasis on promoting better understanding of the environment and countryside, whilst facilitating improved access, education and research. The trust prefers to award grants to UK registered charities and community interest companies but individual applicants may be considered if the outcome benefits are clearly defined.

The Oakdale Trust

The Oakdale Trust is a small family run foundation in Wales which distributes grants to a total value of £250,000 per annum. Grants range from £250 up to £2,000 with an average of approximately £750. Its areas of interest include Welsh based social and community projects and environment conservation projects based in Wales. Applications can be submitted using the on-line form (preferred) or by post. Trustees do not accept emailed applications. The trustees meet twice a year in April and October to consider applications and to award grants.

Oakley Charitable Trust

Small grants are available for registered charities from the UK, Guernsey and Jersey for conducting general charitable purposes. Funding is at the discretion of the Trustees and applications can be submitted at any time. Previous grants have been for between £50 and £2,000. For more information call 0121 427 7150 and send written applications to Mr G Oakley, The Oakley Charitable Trust, 10 St Mary's Rd, Harborne, Birmingham, B17 0HA.

Ove Arup Foundation

The Ove Arup Foundation is an independent charity, established in 1989 to honour the memory of engineer, designer and philosopher, Sir Ove Arup. Ove believed in applying a

holistic approach to design in engineering and architecture – this fund is dedicated to promoting new thinking in education and nurturing engineering of the built environment. The foundation welcomes applications on a rolling basis, for projects wishing to promote new thinking and initiatives within postgraduate and undergraduate education in a multi disciplinary field – the built environment.

Patagonia Environmental Grants Program

Patagonia is a privately held American outdoor clothing and gear company that is based in the United States and operates internationally in a number of different countries, including the UK. It offers grants to non-profit grassroots environmental groups in the countries where it works. It is most interested in awarding grants to organisations that identify and work on the root causes of environmental problems and that approach issues with a commitment to long-term change. There are two funding rounds per year for grants of up to \$15,000 USD. It will not fund conferences or green building projects. Organisations may only submit one application per financial year.

Pembrokeshire – South Hook LNG Community Fund

The South Hook LNG Community Fund was established in 2015 in partnership with the Pembrokeshire Association of Voluntary Services (PAVS) to offer financial assistance with the costs of community projects, initiatives and volunteering throughout Pembrokeshire.

The South Hook LNG Community Fund aims to support projects and initiatives which:

- Support communities in Pembrokeshire.
- Support safety, environment, education and wellbeing.
- Have long-term sustainable benefit for the community.
- Encourage community volunteering.
- Encourage staff participation in the development of local communities

There are two levels of funding available; tier one is up to a maximum of £500 and tier two is up to a maximum of £5,000. Applications for tier one are accepted at any time. 2019 deadline for tier two will be announced in the coming months.

Pen Y Cymoedd Wind Farm Community Fund

The £1.8 million a year Pen y Cymoedd Wind Farm Community Fund has been established for the benefit of host communities in the upper reaches of the Neath, Afan, Rhondda and Cynon valleys. Investment priorities - set out in the Prospectus on our website - have been defined by residents and communities themselves. There are two Community Fund streams – both will run for the next 20 years:

- The MICRO FUND offers one-off grants from £300 - £5,000 to support important aspects of community life and to support enterprise development. There are 2 application rounds each year – the next will open at the beginning of December.
- The VISION FUND offers larger grants for activities that help to deliver one or more of the priorities set out in the Prospectus. We are looking for proposals that have the potential to make a real and long-term difference to the lives of people and communities.

Applicants must talk to us before putting pen to paper – phone us on 01685 878785 or drop us a line at enquiries@penycymoeddcic.cymru

Community Programmes supported by the Players of the People's Postcode Trust

The Community Programmes Trusts seek applications for project based funding from organisations and charities that support those projects which are of local importance to areas across Great Britain. There are three separate Trusts which are open for applications at certain periods throughout the year:

- People's Postcode Trust invites applications for projects that focus on the prevention of poverty, promotion of human rights and employability
- Postcode Local Trust supports community gardens, play areas that sustainable materials, outdoor education, outdoor heritage, green energy and flood prevention
- Postcode Community Trust focuses on grass-root sports, arts and recreation programmes and healthy living initiatives that improves a community's physical and/or mental health and well-being.

Applicants can apply for grants between £500- £20,000 – they can only apply for over £2,000 if they are a registered charity. Each organisation must have a constitution and a bank account in the name of the group/organisation. Announcements about the 2019 funding programme will be made online, applicants are advised to read through the funding guide currently available on the trust website.

People's Trust for Endangered Species

The People's Trust for Endangered Species welcomes applications from voluntary conservation organisations for financial support for work that relates to the conservation of mammals. Acceptable fields of work for funding include scientific research, practical habitat management work, re-introduction and monitoring programmes and educational projects. There are three different funding routes available: UK mammals grant, worldwide criteria and internship criteria.

Persimmon Community Champions

Persimmon Homes offer grants for community groups up to the value of £1,000. Previous awards have been for activities such as a foodbank and a school garden. The fund was launched in March 2015 and has since given away over £2 million to local groups and charities across the UK. Groups apply for funding on the online application form, giving details of funds already raised and how much you would like to be awarded from the community champions scheme. The Persimmon Community Champions scheme is open for applications on a rolling basis.

PF Charitable Trust

The Trust was founded in 1951 by banker Philip Fleming. The Trust supports a diverse range of activity, including the advancement of environmental protection and improvement. Charities registered in the UK are eligible to apply. General enquiries can be made by calling 020 3696 6721 and applications are to be made through the post. The Trustees usually meet monthly to review applications and award grants.

Peter Samuel Charitable Trust

This trust offers grants for voluntary sector and community organisations undertaking projects to improve quality of life and the environment in the UK. Particular areas of interest are heritage, forestry and land restoration. The grant limit is discretionary. Please email kate@farleyfarms.co.uk with any enquiries.

The Plunkett Foundation

The Plunkett Foundation helps rural communities UK-wide to tackle the issues they face, through promoting and supporting community business. Community businesses are

enterprises that are owned and run democratically by members of the community and others, on behalf of the community. They come in many forms, including shops, pubs, woodlands and anything which lends itself to community ownership. In addition to developing and safeguarding valuable assets and services, community businesses address a range of issues including isolation, loneliness, wellbeing, work and training.

Polden Puckham Charitable Foundation

The Polden Puckham Charitable Foundation is a grant giving trust with Quaker family roots. It funds organisations in the UK that are working to influence policy, attitudes and values at a national or international level, including work that addresses the pressures and conditions that risk global environmental breakdown. The Foundation gives particular consideration to small pioneering headquarters organisations. Grants are usually between £5,000 and £15,000 per year, for up to three years and support organisations for which this would represent between 3% and 50% of their annual income (organisations with an annual income of between £10,000 and £500,000 approximately). The Trustees usually meet twice a year in the Spring and in the Autumn.

Port of Milford Haven Community Fund

Port of Milford Haven Community fund offers financial support to charities, voluntary organisations, community organisations and social enterprises that are working within Pembrokeshire. Through this fund, the Port is particularly keen to sponsor projects and events that support its aims of maintaining safety on the waterway; protecting the environment and creating opportunities for future generations, as well as projects and events that support the Port's objectives and values. Community Fund applications can be submitted via an [online application form](#).

Rhododendron Trust

The Rhododendron Trust is a small family Charitable Trust which provides grants to charities registered in the UK. The funding is intended to support social welfare and humanitarian aid projects both in the developing world and the UK. It also supports some cultural and wildlife projects. It generally prioritises smaller charities over larger ones. The Trust has an annual budget of about £50,000 for grants. Grants of £500 or £1,000 are available. Applications can be made at any time and will be considered once a year (usually in February or March). [Please click here for contact details](#).

Rockwool Donations, Pencoed

Charitable and not for profit groups are invited to apply for donations from Rockwool. Priority is given to groups located within 8 miles to the Rockwool factory – Pencoed, South Wales. Rockwool would like to ensure that all funded projects deliver real community benefits, with particular attention to – Environment, Housing, Health and Well-being. For further details email: community@rockwool.com

Santander Discovery Grants

The Discovery Grants scheme is provided by the Santander Foundation. Discovery Grants of up to £5,000 are available to UK registered charities, Community Interest Companies and Credit Unions for projects which improve skills, knowledge or provide an innovative solution to social issues and benefit disadvantaged people in the UK.

Applications are accepted at any time. For further details, please visit

www.santanderfoundation.org.uk

Sea-Changers Grant Programme

Sea-Changers gives one off grants to a range of UK-based, marine conservation charities and 'not for profit' organisations. The projects funded will achieve one or more of the following objectives:

- To address the root causes of marine conservation threats and challenges in the UK.
- To prevent or reduce negative impacts on UK coastal and marine environments and / or species.
- To add to the body of knowledge about marine conservation threats and challenges in the UK.

One off grants of up to £600 are available, and exceptionally up to £1,000, for marine conservation charities and organisations for projects based in the UK. Sea-Changers will allocate funding on a six monthly basis. The closing date for the next round of grants is **31 March 2019**. In 2018 Sea-Changers also has a specific Marine Litter Grant Fund and details of this can be found on their website [here](#).

The SMB Trust

The Trust aims to benefit those in need, spiritually, physically or mentally by distributing income throughout the world. The Trust offers funding to UK registered charities for activities that support the Christian Faith, social care, famine and emergency aid, the environment, education and medical research. Funding is normally an amount of £1,200 although this can vary. Applications can be made at any time and must be submitted in writing more information about the funding can be sought by contacting:

smbcharitabletrust@googlemail.com

Stanley Smith Horticultural Trust

Funds available in support of horticultural training; for the advancement of research in any branch of horticulture and the publication of the results of such research; to assist the creation, development, preservation and maintenance of gardens accessible to the public; the promotion of the cultivation and wide distribution of plants which have value to mankind; promotion and cultivation of new plants; assisting the publication of books or other works relating to science or horticulture. Funding is available for projects that are of significance to horticulture, gardening or botany with a strong horticultural element. It is important that the focus of the project is horticulture and that this is not seen as an add on focus for any proposed project.

Typical projects are as follows:

- Gardeners' training schemes run by appropriate organisations (but not to individuals).
- Restoring gardens of historic interest.
- Developing new gardens for public access and enjoyment.
- Exhibitions, book publications, research and educational programmes relating to horticulture.
- Expeditions to collect and protect plants of scientific and horticultural value.
- Study-visits by horticulturists or botanists with strong horticultural links.

Grant applications should be submitted well before the deadline dates of **15 February** and **15 August** each year. Information and the application form can be found by clicking [here](#).

Tesco Bags of Help Grant

Community groups, schools, charities, and organisations across Wales can apply for a grant of up to £4,000 to improve local spaces, buildings, and facilities. Groundwork and Tesco colleagues shortlist three projects to receive funding of £1,000, £2,000 or £4,000, Tesco customers vote in store on three projects every two months to decide the amounts

that they will receive. There is no deadline for the online applications and they can be submitted at any time. To discuss a project idea or for more help please get in touch with:

- North & Mid, Geraint Hughes 01978 757 524
- South East, Julian Devereux 01495 222 605
- South West, Ian Dennis 01495 222 605

Trusthouse Charitable Foundation

Trusthouse are a medium-sized grant making foundation giving grants to small, well-established organisations in the UK who address local issues in areas of extreme urban deprivation, or in remote and fragile rural communities. Trusthouse gives grants for running costs or one-off capital costs to charities and not-for-profit organisations in accordance with criteria that are regularly reviewed and decided by the Trustees. Further information can be found on their website [here](#).

The Tudor Trust

The Tudor Trust is an independent grant-making trust which supports voluntary and community groups working in any part of the UK. The Trust wants to help smaller, community-led groups which are supporting people at the margins of society. The Trust doesn't have any specific funding programmes, preferring to allow the groups that they support to lead the agenda. It is more likely to fund groups with an annual turnover of less than £1 million although grants can be awarded to larger groups; particularly for work which could be influential or which a smaller organisation would not have the capacity to deliver. There is a two-stage application process with a rolling deadline.

Waitrose Community Matters

The Community Matters scheme allows customers to cast their green token vote and a share of £1,000 (or £500 in convenience shops) is divided in proportion to the customer vote. Since its launch, Waitrose has donated more than £30 million profit to support more than 90,000 local charitable causes. In 2011 Waitrose launched an online version to support National Charities. Every three months three national charities are featured and a share of £25,000 is divided in proportion to the number of online shopper votes. Applications from national charities for this online scheme are welcome.

The Wakeham Trust

The Wakeham Trust is run by volunteers. It likes to help innovative community action groups that are too small, too controversial or too new to get funding from mainstream charities. It does not usually help projects with paid staff, or help with the acquisition of vehicles, or with the purchase or improvement of buildings. It normally makes very small grants in the region of £100 to £500. It is especially interested in volunteers who get together to help others. It does not support gap year students or provide scholarships, though it has sometimes made grants to educational institutions to help with scholarship programmes. Applications are best submitted online.

Waterloo Foundation

This independent grant-making Foundation is most interested in projects that help globally, particularly in the areas of the disparity of opportunities and wealth and the unsustainable use of the world's natural resources. It prioritises funding for UK-based charities, many of whom work in close partnership with smaller local NGOs based in the countries in which they operate.

The Environment fund has two main themes:

- Marine – support for projects working to halt declining fish stocks;

- Tropical Rainforests – support for projects protecting tropical rainforest, principally through avoided deforestation.

There are 2 deadlines per theme each year. One-off or multi-year grants can be awarded, the majority of which will be for a total of £50,000 - £100,000. The fund does not support projects focussing on environmental education or those with animal conservation as their sole focus.

Wilfrid and Constance Cave Foundation

The Wilfrid and Constance Cave Foundation provide grants to support charitable organisations working in the fields of health, welfare, conservation and animal welfare. Grants tend to range from £1,000 to £7,000 with several much larger grants made in exceptional circumstances. Applications should be made in writing. Nominations for grants are elicited by the individual trustees who then put forward proposals for donations to be made on an annual basis. For further information on how to obtain this grant locally, please contact tcf@eamo.co.uk

The Woodroffe Benton Foundation

The Woodroffe Benton Foundation is an independent grant making foundation. Small grants of £250 – £2,500 are available under four categories, one of which is Environmental Conservation/Preservation/Protection/Improvement - in particular where this would encourage the provision of access by members of the general public. Registered charities and educational institutions are eligible to apply. Applications are only considered at the Trustees quarterly meetings in January, April, July and October.

World Habitat Awards

We are now known as World Habitat – changing from the Building and Social Housing Foundation (BSHF). We believe that everyone everywhere has the fundamental right to a safe and secure home. We want to make housing, not an investment, or a dream, but a basic right for everyone. Our World Habitat Awards – organised in partnership with UN-Habitat – recognise and highlight innovative, outstanding and sometimes revolutionary housing ideas, projects and programmes from across the world. Each year two winners **receive £10,000 each and a trophy**, presented at a global **UN-Habitat event**. Entries for the 2019 competition can be made from **1 January 2019**. Visit www.worldhabitatawards.org to be kept informed about the 2019 competition.

Central Government and European Funding

Active Inclusion

Active Inclusion is supported by the European Social Fund (ESF) and run by WCVA on behalf of WEFO. The funds aim to tackle poverty and social exclusion in Wales by providing grant funding for projects of all sizes up to £1,500,000 (including match funding) that assist economically inactive and long term unemployed people, and young people who are not in employment, education or training, in gaining employment, workplace skills and qualifications through paid supported work placements and practical activities.

These activities, or the nature of the supported employment if that option is chosen, are not prescribed and it is up to the grant recipients to determine what would best suit their participants, including projects or employment with an environmental focus. Organisations can apply online through eTenderWales to become an approved beneficiary of the Active Inclusion fund: once successful they will then be invited to apply for grant rounds and will also be informed of funding opportunities available to organisations in Wales.

Even though the UK will be exiting the EU, for Active Inclusion it is very much 'business as usual' and projects can be funded right up to the end of 2019. The funds now offer new, more flexible grant rounds, improvements to match funding requirements and one-to-one support available at every stage from initial enquiry to project closure. If you're not sure whether this is for you, contact the Active Inclusion team at activeinclusion@wcva.org.uk or ring the WCVA on 0300 111 0124 and we will put you in touch with someone who can help.

Community Facilities Programme

The Community Facilities Programme is a Wales-wide capital grant fund. It offers grants at two levels, up to £25,000 and up to £250,000 which can be used to improve or create community facilities. Community Facilities to be improved must offer activities or services which increase prosperity and provide opportunities for local people to improve their day to day lives. Applications must evidence how their community is involved in developing the proposals and also how the community will continue to be involved in the running of the facility. Priority will be given to applications from communities which previously benefited from Communities First funding.

Enabling Natural Resources and Well-Being in Wales

The Welsh Government has released a new funding scheme to support the implementation of the Natural Resources Policy, making clearer links between Wales' natural resources and well-being. The grants will cover revenue and capital costs for pilot or demonstration projects relating to at least one of the three themes of action:

- Developing, regenerating and broadening access to sustainable green infrastructure;
- Improving the quality of the urban and rural built environment; and
- Developing resilient ecological networks, areas and nature based solutions.

Funding will be available to cross-sector collaborative projects; please note that there must be a minimum of two organisations from different sectors and at least one of the organisations involved will be an SME. The current round opened on Friday 7 September 2018 and will **close on Monday 3 December 2018**.

Funding decisions will be made over Winter 2018/19 and groups will be informed of funding decisions by February / March 2019 for **projects to start in Spring 2019**. The scheme guidance is now available from the [Welsh Government website](#). You can also watch this [webinar recording](#) for further information. Join the Yammer group to explore potential collaborations and project ideas, to sign up email: environmentgrants@gov.wales.

Glastir

Glastir is the sustainable land management scheme, through which Welsh Government and the EU offer financial support to farmers and land managers. Glastir pays for the delivery of specific environmental goods and services aimed at:

- Combating climate change
- Improving water management
- Maintaining and enhancing biodiversity

The following funding initiatives are available through the Glastir programme:

- Glastir Small Grants (Carbon) 2019 (**opens November 2019 – closes December 2019**)
- Glastir Small Grants (Landscape and Pollinators) (**opens April 2019 – closes May 2019**)
- Glastir Small Grants (Water) (**currently closed**)
- Glastir Woodland Creation (**currently closed**)
- Glastir Woodland Restoration (**currently closed**)

It is designed to deliver measurable outcomes at both a farm and landscape level in a cost effective way. Find out more about Glastir and the various scheme deadlines [here](#).

Horizon 2020

Horizon 2020 is the EU's programme for research and innovation and will run from 2014-2020. It is broken down into 3 sections:

- Excellent Science
- Industrial Leadership
- Societal Challenges

These sections are then broken down into topics and calls for applications. The calls for 2018-2020 are published with deadlines throughout 2018. Some areas of particular interest are listed below:

- **Societal Challenge 5: Climate Action, Environment, Resource Efficiency and Raw Materials**
- **Societal Challenge 2:** Food security, sustainable agriculture and forestry, marine, maritime and inland water research and the bioeconomy
- **Marie Skłodowska Curie Actions: research fellowship and training programmes (including fellowships outside academia)**
- **SME Instrument:** between €50,000 and €2.5 million for SMEs to take new demonstrated technology or services to EU or global markets.

Welsh Government provides an advice and support service to Welsh organisations looking for funding from the EU. If you are interested in applying for Horizon 2020 funding and would further information, contact the Horizon 2020 unit: Horizon2020@gov.wales

The UK government's priority remains ensuring the draft Withdrawal Agreement is finalised and concluded. This would ensure that UK entities' right to participate in Horizon 2020 would be unaffected. In case of no deal, the UK government has guaranteed to underwrite the EU funding for successful UK applicants. This guarantee has been extended beyond the date of exit, to fund UK participants' funding in all Horizon 2020 calls open to third country participants. The UK's underwrite Q&A paper can be seen [here](#).

Interreg - European Territorial Co-operation 2014-2020

INTERREG provides funding for co-operation projects across Europe. Partnership projects made up of organisations from across Europe are able to apply for open calls which focus on sharing knowledge and transferring experience in order to improve regional policy.

There are three strands to the programme:

- INTEREGG VA – cross-border co-operation
- INTERREG VB – transnational co-operation
- INTERREG VC – inter-regional co-operation

The themes for the 2014-2020 programming period are:

- Research and Innovation
- SME Competiveness
- Low carbon economy - This theme addresses the transition to a low carbon economy in all sectors. This could be through policies aimed to raise the share of renewable energy sources in the energy mix to promoting multimodal sustainable transport. e.g. developing regional low-carbon strategies
- Environment and resource efficiency - Two distinct fields are open for cooperation
 - protection & development of natural and cultural heritage e.g. improving management of regional nature parks
 - transition to a resource-efficient economy, promoting green growth and eco-innovation e.g. increasing recycling rates among SMEs

These programmes are now up and running with calls being released; so if your organisation has an idea for a project and have the capacity to deliver a partnership project - then keep an eye on the Interreg Europe website for funding rounds being released.

Third sector organisations can contact 3set@wcva.org.uk for support in the development of a project proposal.

LEADER Programme in Wales

It has evolved through successive Programme periods and is included in the Welsh Government Rural Communities – Rural Development Programme 2014-2020 with the potential to support all 6 of the Priorities for Rural Development. The LEADER approach is associated with local empowerment through local strategy development and resource allocation. The main tool for the application of this approach to area development and involving local representatives in decision-making is the LEADER Local Action Group (LAG). LEADER is a form of Community-Led Local Development (CLLD). Through a process of stakeholder engagement, building the capacity of target groups and co-operation, the problems faced and opportunities available to an area are recognised and potential solutions are piloted. There is a LAG in each Local Authority Area; find out more about what funding is available in your area [here](#).

The LIFE Programme

The LIFE Programme is the European Commission's financial instrument supporting environment and nature conservation projects throughout the EU. The overall objective of the fund is to contribute towards implementation and development of EU environmental and climate policy and legislation. The programme is split into two sub-programmes – Environment and Climate Action.

The Environment sub-programme covers three priority areas:

- Nature & Biodiversity projects focus on implementing the Birds and Habitats Directive and EU Biodiversity Strategy;
- Environment & Resource Efficiency projects focus on trialling, developing and demonstrating approaches and solutions to EU wide environmental challenges; and
- Environmental Governance & Information projects focus on increasing knowledge and disseminating information.

The Climate sub-programme covers the following three priorities:

- Climate Adaptation projects focus on increasing resilience to climate change;
- Climate Mitigation projects focus on reducing greenhouse gas emissions; and
- Climatic Governance & Information focuses on increasing knowledge and disseminating information on climate related matters.

The current multi-annual work programme runs from 2018 -2020 and was published in early 2018. For an update on the LIFE programme within the UK please see the [UK LIFE website](#) for further information and the multi-annual work programme.

Listed Places of Worship Grant Scheme

The Listed Places of Worship Grant Scheme is managed by the Department for Culture Media and Sport and makes retrospective awards in respect of VAT incurred in making repairs and carrying out alterations to those listed buildings mainly used for public worship (minimum value of eligible work £1000 - although one application where the value of the eligible works falls between £500-£1000 may be submitted in a given 12-month period). The scheme has a fixed annual budget which is advertised on the LPoW Grant Scheme website each year. The funding for the scheme has been confirmed until March 2020. Applications can be completed online or by post. Full details of the scheme can be found on the official website: <http://www.lpwscheme.org.uk>

Natural Capital Financial Facility (NCF)

The Natural Capital Financial Facility (NCF) is funded through the LIFE Programme for Environment and Climate Change and is managed by the European Investment Bank (EIB). The main aim is to demonstrate that natural capital projects can generate revenues or save costs whilst delivering on biodiversity and climate adaptation objectives. The NCF will establish a pipeline of replicable, bankable operations that will serve as 'proof of concept' and will demonstrate to potential investors the attractiveness of such operations. Projects will typically be between €5 million and €15 million public and private entities, including public authorities, land owners and businesses are eligible to apply. Projects focused on biodiversity and ecosystem services (BES) will be supported. Projects should promote the conservation, restoration, management and enhancement of natural capital which can benefit biodiversity and climate adaptation. This includes ecosystem-based solutions to challenges related to land, soil, forestry, agriculture, water

and waste. Project examples include:

- Green infrastructure (eg green roofs, green walls, ecosystem-based rainwater collection/water reuse systems, flood protection and erosion control).
- Payment for ecosystem services (eg programmes to protect and enhance forestry, biodiversity, to reduce water or soil pollution).
- Biodiversity offsets / compensation beyond legal requirements (eg compensation pools for on-site and off-site compensation projects).
- Pro-biodiversity and adaptation businesses (eg sustainable forestry, agriculture, aquaculture, eco-tourism).
- With the exception of "Biodiversity Offsets" each of the above categories may involve projects in areas of high biodiversity value protected in Natura 2000. There is a rolling deadline for this fund.

The facility has now been extended until 2021 and applications are welcomed at any time.

Pembrokeshire – Little Green Grant

Little Green Grants are available to support and benefit communities located in the Pembrokeshire Coast National park by helping communities to live in a way which balances the needs of the people, the environment and the local economy. Grants of up to £1,500 are available and groups must provide at least 25% match funding, this can include in-kind contributions. Applications will be accepted from individuals, groups of individuals, local organisations, small businesses and voluntary or community groups. For more information or to request an application pack email development@pavs.org.uk or phone 01437 769422 Upcoming deadline: **18 January 2019**.

Plug-in vehicle Grant Scheme

This Central Government initiative enables motorists purchasing a qualifying ultra-low emission vehicle to receive a grant of 35% towards the cost of the vehicle, up to a maximum of £4,500. The plug-in grant has been designed to help make the whole-life costs of a qualifying van more comparable with petrol or diesel equivalents. Both private consumers and businesses can benefit from the plug-in grant. You don't need to do anything if you want to buy one of these vehicles - the dealer will include the value of the grant in the vehicle's price.

Powys - Community Regeneration & Development Capital Grant Fund

Powys County Council recognises the value of community groups and organisations in trying to sustain their own communities, undertaking projects that involve local participation which are inclusive of everyone. The Community Regeneration & Development Capital Grant Fund's main purpose is to support social and community development. Voluntary groups and organisations that demonstrate that they are properly constituted can apply. This element of the Community Regeneration and Development Fund supports capital build project that:

- Create or refurbish facilities available to the community as a whole, or adapting them to ensure equal access to disabled people as required under the Disability Discrimination Act 1995.
- Improve the built or natural environment for local people.
- Improve the well-being of the community by encouraging active and healthy life styles.

- Provide facilities or activities, which reduce poverty, inequality, discrimination and social disadvantage.

As well as complying with the overarching criteria of the fund, projects must also demonstrate that the building or associated land is either owned by the applicant organisation or subject to a lease of satisfactory duration (for example, 20 years). If the facility is leased from another organisation, we will require written confirmation of consent for the works from the Landlord. Membership of the organisation or group must be open, and the organisation should demonstrate a commitment to developing an equal opportunities policy. The application should demonstrate a clear link to at least one of Powys County Council's aims and objectives. The maximum grant award is £15,000 against a £30,000 expenditure.

Re:Fit Cymru

Re:fit Cymru is a Welsh Government Programme (started April 2016) to support Welsh public sector organisations to identify, develop and deliver energy and water efficiency or building-connected renewable projects with financially guaranteed and measured annual savings. Re:fit Cymru is only available to the public sector in Wales. Re:fit Cymru will provide support through:

- Stakeholder engagement to secure organisational buy-in
- Strategy and project development including benchmarking to identify the savings opportunity for investment
- Procurement and legal support
- Technical Advice including Measurement & Verification support
- Access to a UK wide public sector framework
- Support during project delivery

If you are from a Welsh public sector organisation and would like to know more about how Re:fit Cymru can benefit you, please contact Glyn Mountford or Tristan Oliver on:

refitcymru@gov.wales

Rural Communities – Rural Development Programme 2014-2020

The Welsh Government Rural Communities – Rural Development Programme 2014-2020 is a 7 year European Agricultural Fund for Rural Development (EAFRD) programme funded by the European Union and Welsh Government. It aims to improve resilience and promote transformational change in agriculture, forestry and rural communities. The fund planned to bring almost £1 billion to rural Wales from 2014-2020 and will support activities to improve competitiveness in the agriculture and forestry sector; safeguard and enhance the rural environment; and foster competitive and sustainable rural businesses and thriving rural communities. A list of future dates for Expressions of Interest is available [here](#).

Social Business Growth Fund – blended grant and repayable financial assistance via Social Investment Cymru, WCVA

The Social Business Growth Fund supports social businesses in Wales financially to enable them to grow and create job opportunities through a unique blend of grant (40%) and repayable financial assistance (60%). Organisations that over achieve against job creation targets are able to reduce the amount of financial assistance to be repaid. Support of up to £150,000 is available and is part funded by the European Regional Development Fund.

Sustainable Development Fund - Brecon Beacons National Park

SDF is a grant fund designed to support projects to develop and test ways of achieving a more sustainable way of living in the National Park. Find information about the fund and contact details for the relevant staff at the weblink in the title.

Clwydian Range and Dee Valley AONB

The Sustainability Development Fund offers project grants, management grants to support staff costs or development grants to act as a catalyst for new action or partnerships. It normally provides 50% of total project costs but up to 75% is available for eligible voluntary sector projects. Applicants are expected to contribute at least 25% of total project costs either from their own coffers or from other sources such as European funds, National Lottery funding or “in kind” contributions.

Gower Valley AONB

Applications over £3,000 are assessed by a panel of local people, which meets four times a year. Before applying, you are strongly advised to discuss your ideas with us to make sure that your project is eligible for funding. Please contact Mike Scott, AONB Officer (mike.scott2@swansea.gov.uk) for details of the application process.

Llyn AONB

SDF will provide project grants, management grants to support staff costs and development grants to provide a catalyst for new action or partnerships. Funding will normally be set at between 50% and 75% of the total project cost but possibly more in some exceptional circumstances. Applicants will be expected to provide at least 25% of the total project costs, either from their own money or those of other grant funds. Officers from the AONB Unit can provide details of possible match funding sources.

Pembrokeshire Coast National Park

Pembrokeshire Coast National Park's Sustainable Development Fund (SDF) supports innovative sustainable projects that develop and test new ways of achieving a more sustainable living for current and future generations. Projects which contribute to the goals of the Well-being of Future Generations Act are sought.

Snowdonia Partnership Fund

Cronfa Eryri (the Snowdonia Fund) is a fund of approximately £100,000 per annum which is administered by Snowdonia National Park Authority with the assistance of Fforwm Eryri. The Fund's purpose is to support projects which will achieve the purposes, aims and objectives of the Snowdonia National Park Partnership Plan (“The Partnership Plan”). The broad purposes of the National Park are as follows: 1. Conserve and enhance the natural beauty, wildlife and cultural heritage 2. Promote opportunities for the understanding and enjoyment of the special qualities of national parks by the public We also have a duty to: Seek to foster the economic and social well-being of local communities within the national parks

Wye Valley AONB

The scheme is available to any organisation including community or voluntary groups, local authorities, as well as the private sector and individuals. The private sector and individuals must demonstrate that their projects have a wider public benefit. Applications can be for small grants of less than £1,000, including for landscape and biodiversity enhancements, or larger grants of up to £25,000 in exceptional circumstances.

Lottery Funding

Big Lottery Fund

The Big Lottery Fund is the largest community funder in Wales. Each year, they distribute millions of pounds of the National Lottery's good causes money to community groups and charitable projects around the country. They believe people should be in the lead when improving their lives and communities. Their approach focuses on the skills and energy people can draw upon and the potential in their ideas.

Big Lottery Fund: National Lottery Awards for All Wales

National Lottery Awards for All provides grants between £300 and £10,000 for grassroots and community activity that aims to improve life for local people and neighbourhoods. It's important that you involve your community in the design, development and delivery of the activities you're planning, so if you apply, you will need to explain how you've done this. The programme is open to any not for profit organisation and you can apply at any time

Big Lottery Fund: People and Places

People and Places will fund projects where working together, people and communities use their strengths to make positive impacts on the things that matter to them the most. Funding is split into two strands, medium grants (£10,001 to £100,000) and large grants (£100,001 to £500,000). The programme is open to any not for profit organisation and you can apply at any time.

Heritage Lottery Fund

The Heritage Lottery Fund (HLF) sustains and transforms a wide range of heritage through innovative investment in projects with a lasting impact on people and places. It is keen to encourage more fundable projects from the natural heritage sector and the Catalyst Cymru support service can provide advice and assistance in accessing HLF grants. HLF awards a range of grants from £3,000 upwards via the following programmes. Each programme has different criteria, application processes and deadlines.

Sharing Heritage

£3,000 to £10,000 - Grant designed to explore community heritage through activities such as recording memories to conserving wildlife. The programme is described as straightforward, with a short application form and a quick decision.

Our Heritage

£10,000 to £100,000 - The programme is open to not-for-profit organisations, private owners of heritage and partnerships to protect and share all aspects of heritage ranging from personal memories and cultural traditions to archaeological sites, museum collections and rare wildlife. If individuals or for-profit organisations are involved, the public benefit from the project must be greater than any private gain.

Young Roots

£10,000 to £50,000 - This programme is for projects to help young people aged 11 to 25 to explore their heritage, from green spaces, museums, and historic sites to language, local memories and youth culture.

Resilient Heritage

Grants of up to £250,000 to organisations wanting to build their capacity or achieve strategic change in order to improve the management of heritage in the long term.

Heritage includes many different things from the past that is valued and that people want to pass on to future generations, including: archaeological sites, historic buildings, natural heritage including habitats, species and geology, and natural and designed landscapes and gardens. Applications for funding under £100,000 are not required to make cash contribution; applications above £100,000 will need to make a 5% contribution towards the project cost. Applications can be made at any time.

National Lottery

National Lottery money is given out by 12 independent organisations, each with specialist knowledge of their sectors to support the Lottery Good Causes. These are the arts, charities and voluntary groups, heritage, health, education, the environment and sports. For more information visit: www.lotterygoodcauses.org.uk

Useful Resources and support

[Aderyn - Biodiversity and Information Reporting Database of Local Environmental Records Centres Wales](#)

Aderyn is the Biodiversity Information and Reporting Database of Local Environmental Records Centres Wales. To learn more about the wildlife data available, and to submit your records, visit the website [here](#).

[The Arthur Rank Centre](#)

The Arthur Rank Centre is committed to supporting rural churches and communities, and has set up the 'Computers for Rural People' scheme to provide computers at very low cost to encourage people who are rurally isolated to enter the digital world. It also provides [other resources](#) described as useful to rural communities.

[Bat Conservation Trust - State of UK Bats](#)

The latest trends from the report indicate that populations of the monitored bat species are stable or recovering, which suggests that current legislation and conservation action to protect and conserve bats are having a positive impact on bat populations and should be continued.

[B&Q](#)

B&Q are making steps to improve their impact upon nature; they aim by 2020 to stop selling peat in compost and have already stopped selling patio heaters, invasive non-native plants and neonicotinoid pesticides. They want to encourage gardeners to support wildlife through their 'greener gardens' campaign which includes online [resources and guidance](#). Each B&Q store also operates a community-reuse scheme through which local schools, other educational institutions and community groups can benefit from donations of unsellable products and materials for re-use.

[Business in the Community](#)

Business in the Community (BITC) Cymru is the Prince's Responsible Business Network in Wales. We are the business-led charity that works with business of all sizes and sectors to help them maximise the commercial benefits of responsible business practices; and at the same time making a real difference to the people, economy and environment of Wales. We currently have opportunities for community organisations to benefit from free business support and the skills, passion and energy of employee volunteers. If your charity or community group has a project that can be completed in one day by a team of volunteers – we want to hear from you! Teams can range from 10 – 50 people depending on how many you require. Although some fundraising may be possible, we are primarily looking for projects where volunteers can share their time, knowledge and expertise rather than a financial contribution.

Typical projects often include:

- Organising and delivering skills workshops and activities
- Making a community room more welcoming and appealing (ie creating murals and improving the space)
- Enhancing an outside space (ie creating a sensory garden, developing vegetable patches or flower beds, creating a path)

If you've got an idea, or something you want to talk about with us, please contact: Simon Walters in the Community Team at BITC Cymru on 029 2078 0050 or by email at simon.walters@bitc.org.uk

Charter for Trees, Woods and People

The Charter for Trees, Woods and People sets out the principles for a society in which people and trees can stand stronger together. Play your part in making the charter principles a reality by setting up a local Charter Branch, celebrate Tree Charter Day, and gather signatures from your colleagues and customers.

Coed Cymru

Coed Cymru gives free help and advice on the sensitive management of woodlands and the sustainable use of woodland products. It covers the whole spectrum from the growth of new trees through to high quality Welsh hardwood products. The overall aim for Coed Cymru is to be an advocate and campaigning body for broadleaf woodland in Wales and to act as a catalyst to bring about environmental, economic and social benefits through sustainable woodland management.

Advice is provided to interested parties throughout Wales, including woodland owners, farmers, wood processors, conservationists, local people, communities and those involved in employment in rural areas, tourism and recreation. Coed Cymru also carries out activities relating to research and development; technical support; education and training; and a campaign to ingrain a woodland tradition into the social and commercial life of Wales.

The Conservation Volunteers - Practical Conservation Handbooks

TCV's Handbooks have long been the definitive 'how to' guides to managing the countryside and green spaces; containing over 1,000 pages of fantastic background, advice and instruction, written by experts, illustrated and clearly laid out in a step-by-step format. These handbooks are now available in digital format, covering everything from tree planting to dry stone walling, sand dunes to footpaths.

Energy Local

Energy Local enables local communities to work together to pool their locally owned generation and manage local demand to reduce bills and carbon emissions – [read more here](#). Energy Local believes that communities should be able to benefit from moving their use of energy to cheaper times of day and matching it to local generation. If you have a community energy project or are interested in the idea, please [get in touch](#) and [sign up for the newsletter](#).

Future Generations Commissioner - Policy Priorities and Future Plans

Six priority areas have been identified which the FGC believes will address the root causes of problems facing future generations and help achieve the best multiple outcomes. [Click here](#) to find out more.

Future Generations Commissioner - Well-being in Wales Report – Learning from the well-being assessments

The aim of this [report](#) is to share learning on the key areas of change needed to ensure that well-being planning makes the most of the opportunities the Act provides to share resources, take new approaches and ultimately make better decisions for future generations.

[Good Practice Wales](#)

Good Practice Wales is a single access online portal to Welsh Public Services good practice and knowledge.

[Green Alliance - Renewable Energy Locator](#)

Aiming to provide those who live in England and Wales with an easily accessible picture of how renewable energy is doing in their area, the renewable energy locator shows how much of electricity and gas used in a particular area is generated from renewables and how well places are performing compared to others.

[HIPPOWASTE Grants up for Grabs](#)

The 'Grants up for Grabs' scheme awards free waste disposal help to applications from charities, community groups and organisations from across the UK that inspire respect for the environment or have a positive effect on the community.

[In Kind Direct](#)

Founded by The Prince of Wales in 1996, In Kind Direct is a registered charity set up to act as a clearing house for surplus goods from the corporate sector. These goods are then channelled to good causes in the voluntary sector. In Kind Direct aims to increase the flow of goods to UK charities, helping people in need, both in the UK and abroad. It does this by providing low cost goods to organisations within the voluntary sector. Organisations registered with the sponsor receive a monthly list of available goods. Items may then be requested from the list.

[Keep Wales Tidy - Long Forest Project](#)

Keep Wales Tidy want to protect our hedgerows and make them important again. They form a vital part of our landscape, but they're at risk from neglect, damage and removal. Keep Wales Tidy are taking action to halt this decline. Working in partnership with [The Woodland Trust](#), with support from the [Heritage Lottery Fund](#), they have developed the Long Forest Project. Together, they will be delivering practical action – recruiting thousands of volunteers to plant 100,000 trees and improve around 120,000m of hedgerow. They will also be developing new ways for people to survey and record hedgerows near them. [View their map](#) to see where they are rolling out the Long Forest project.

[Keep Wales Tidy - Tidy Towns](#)

Tidy Towns is a Welsh Government funded community initiative, designed to help volunteer groups take charge of their local environment. It supports communities to make local areas a better, cleaner place to live e.g. by turning waste ground into a shared community space; creating and managing pollinator rich habitats, controlling invasive species, growing projects; or improving access to local facilities by restoring pathways. There is a Keep Wales Tidy project officer working in each local authority to help groups with starting up and building skills and capacity. The officers also help projects liaise with the local authority, as well as the police and environmental agencies.

[Llais y Goedwig - the community woodland network for Wales](#)

Llais y Goedwig is a 350 member strong grassroots network aiming to represent and support community woodland groups and practitioners across Wales. It provides a range of resources, contacts and case studies to support the creation and management of sustainable community woodlands along with an Enquiry Service where concerns and queries can be shared or answered by other network members.

[Local Energy – Partnership Portal](#)

The Partnership Portal aims to support community ownership of renewable energy projects. The Portal can be used by community groups to post information about their project, by potential partners or investors who would like to support a project in their area, and by existing community-scale renewable energy schemes who are willing to share their experiences and offer peer support.

[Local Energy - Renewable Energy Toolkit](#)

The Wales Community Renewable Energy Toolkit has been developed to help community groups take forward the development of renewable energy projects. It is designed to be accessible to people with different levels of understanding of the technology, project development, financial and legal issues.

[Natural Capital Protocol Toolkit - Helping Business Understand its Relationship with Nature](#)

The [Natural Capital Protocol Toolkit](#), is a resource, from the World Business Council for Sustainable Development (WBCSD) and the Natural Capital Coalition, to help companies implement the Natural Capital Protocol. See what experts say about the Natural Capital Protocol Toolkit [here](#).

[NCVO](#)

NCVO provides a guide to sustainable funding, case studies and an organisational [self-assessment tool](#). Its KnowHowNonProfit website also provides resources on other income generation opportunities including digital fundraising, cultural commissioning, trading and shops and social investment.

[Natural Resources Wales - Carbon Positive Project](#)

NRW are taking positive steps to reduce carbon emissions, and to enhance and protect carbon stored on the land they manage.

[Now Donate](#)

NowDonate™ provides a free online payment system for UK charities. Whether you are a beginner or advanced, taking donations is possible using a simple link, button, widget or even integrate the whole donation process within your charity's website. All donated money goes directly to your charity. NowDonate™ provides you with the powerful tools to enable you to take donations.

[Now Go Online](#)

NowGoOnline™ gives your charity the ability to have an unlimited number of websites with everything needed to have a strong effective presence. The websites are integrated into social media to provide the tools required for reaching out to donors and fundraisers. If your charity has a website already, you can set up NowGoOnline™ subsites for your fundraising or a specific focused appeal subsite. There are no limits on how many websites you can create.

[Share Waste](#)

Share Waste connects people who wish to recycle their kitchen scraps with their neighbours who are already composting, worm-farming or keep chickens. Sign up to start donating or receiving organic waste.

[Social Farms & Gardens](#) (Formerly [Federation of City Farms and Community Gardens](#))

Social Farms & Gardens is a new organisation created as a result of the merger between the Federation of City Farms and Community Gardens, and Care Farming UK. We have joined together so we can better support and represent the farmers, gardeners and growers who run life-changing projects in our urban and rural communities. The FCFCG provides support to anyone who gets together with others in their neighbourhood to create and nurture a green space for the benefit of their community. Care farms provide health, social or specialist educational care services for individuals from one or a range of vulnerable groups. There is a wide range of online information and advice useful for [Welsh community growers](#).

[SF&G - Community Land Advisory Service in Wales](#)

CLAS aims to help community growing groups, landowners - plus others involved in land access - to work together to make more land available for community growing. [Growing Together](#), a project designed to help community growing projects become more financially sustainable.

[Tesco Community Champions](#)

Tesco has over 500 Champions primarily in its larger stores that can support local charities, groups and not-for-profit organisations to carry out various charity and fundraising activities within the store or their local community.

[Third Sector Support Wales](#)

Third Sector Support Wales is a network of support organisations for the whole of the third sector in Wales. It consists of the 19 local and regional support bodies across Wales, the County Voluntary Councils (CVCs) and the national support body, Wales Council for Voluntary Action (WCVA).

[Turn2Us](#)

Turn2us is a national charity that helps people in financial hardship gain access to welfare benefits, charitable grants and support services. If you are an intermediary – one of the thousands of advisers, welfare officers, support workers and volunteer home visitors who have regular face-to-face contact with people in financial need – Turn2Us can help you find the right resources to support the people you are working with. You can also store individuals' details and applications in your confidential and secure Turn2us intermediary account, enabling you to access and update information as you need to. Turn2Us also work in partnership with many organisations to develop projects and services involving intermediaries.

[UK Government - A Green Future: Our 25 Year Plan to Improve the Environment](#)

The UK Government's environment plan sets out their goals for improving the environment, within a generation, and leaving it in a better state than we found it. It details how those in government will work with communities and businesses to do this over the next 25 years.

[Village SOS](#)

The campaign aims to inspire local community action, through supporting new, developing and existing community projects that benefit residents in rural communities throughout the UK. Support is available for projects that will help to re-establish or reinvent services and reinvigorate the community. That might be by keeping services such as shops or playgroups alive for the village or by starting up a new enterprise that could create income

to benefit the local area. Support is available for projects that will help to re-establish or reinvent services and reinvigorate the community. That might be by keeping services such as shops or playgroups alive for the village or by starting up a new enterprise that could create income to benefit the local area.

Wales Council for Voluntary Action

WCVA is the national membership organisation for the third sector in Wales. WCVA's mission is to be a catalyst for positive change through connecting, enabling, and influencing.

WCVA – Invest in Nature Cymru

Invest in Nature Cymru are here to support the staff, volunteers and trustees of any community group or third sector organisation in Wales that wants to start an environmental project or to develop an existing project further. Communities and third sector bodies already play a key role in raising awareness about, and taking action on, some of our most pressing environmental challenges such as climate change, species loss and unsustainable resource use. They also form a fantastic resource of knowledge, ideas and learning that can help inspire and support others to develop environmental activities too.

Invest in Nature Cymru aims to share and promote this learning through networking, regional events and online and telephone support. We also offer co-ordination support to regional or national project development and help groups or partnerships explore the possibility of applying for larger scale funding. Together, even small actions, with the right advice and support, can have a huge impact so please get involved today!

If you've got a specific idea for an environmental project that you would like to start or to find partners, resources and funding, then please get in touch. We'd love to hear from you! Tweet us at [@wcva_ec](https://twitter.com/wcva_ec) or email: cjenkins@wcva.org.uk

A Third Sector Guide to Climate Change

Climate change can seem an overwhelming or distant issue with little influence on your daily work. However, as we all share the same planet and natural resources, all people and organisations have the potential to be negatively affected by a changing climate and understanding this can help us prepare and plan better. This [guide](#) is designed to give you a basic understanding of climate issues and where to find further support to help you manage your climate risks and make better decisions for a changing future.

Could your skills support our natural environment? Find out in the 'Environmental Volunteering Toolkit'

Many people care about the environment but might be unsure how to make a positive impact. Environmental volunteering is a great way to start supporting the planet whilst giving back to your local community, and there are many opportunities that can fit into your schedule. This [toolkit](#) is designed to help people into environmental volunteering who might not have thought about it before and promotes the exciting opportunities available from local and national organisations.

Need help persuading others to make space for nature? The 'Doing Your Bit for a Resilient Wales' toolkit can help!

There is no doubt that most of us would prefer a workplace with more greenery and a chance to enjoy some space for nature. How do we persuade others though who might be concerned that this is costly, high maintenance and really just a 'nice to have'? The ['Doing Your Bit for a Resilient Wales' toolkit](#) co-produced with [Wildlife Trusts Wales](#), aims to

change these beliefs with research and stats about the health and well-being benefits of a more nature-friendly workplace, which include reduced sickness and a more productive and creative workforce!

[Want to do your bit for nature? Check out the 'Investing in Nature' guide to find out how](#)

The '[Investing in Nature' guide](#) helps us look at the negative impacts that we may inadvertently be having on nature and explains the simple, practical but often over-looked actions that we can take to 'Help Wildlife to Thrive'. These measures will not only help nature but also save your organisation money, improve staff and volunteer morale, and contribute to healthier and vibrant communities.

[The Well-being of Future Generations \(Wales\) Act - Goal Factsheets and Animation](#)

Think the Goals of the Well-being of Future Generations Act are only for public bodies? The third sector contributes greatly towards the achievement of the goals and these [factsheets](#) and [animation](#) aim to help groups think more about their contributions in the context of the goals; enabling them to demonstrate the impact that they're making.

[WCVA – Funding Portal](#)

WCVA operates the Third Sector Funding Portal, a 'one-stop shop' for funding advice and opportunities. The portal features [GRANTnet](#), a free basic online funding search that can help identify suitable funding opportunities for your activity or project. For heritage organisations there is also a programme of specialist fundraising support called [Catalyst Cymru](#).

[WCVA - Learning Zone](#)

WCVA's [Learning Zone](#) offers an accessible and easy way to learn online. The site will host a range of standalone courses, as well as provide additional content and resources to enhance our traditional classroom based sessions. Visit www.learningzone.wales right now to get your online learning journey started. These courses are ready, available and free of charge to all: [Getting fit for fundraising; Introduction to legal structures and charitable status](#); and [The Well-being of Future Generations \(Wales\) Act - The essentials](#). Content will be updated regularly and new courses added so make sure to visit the site to see what's new. If there are any courses not currently offered that you would like to see please [contact us](#) to let us know.

[WCVA - Pay Connect Services](#)

A dedicated, professional payroll service for charities and not-for-profit organisations. WCVA Pay Connect has a clear pricing structure with no hidden fees for completing the Tax Year end. For further information or a quote please contact visit www.wcva.org.uk/advice-guidance/pay-connect to find out more.

[WCVA - Support to Find European Partners for Projects or Cooperation](#)

WCVA is a member of the European Network of National Civil Society Organizations (ENNA), a network of national NGO networks from EU, Norway and Turkey, which has created the NGO Partnership e-database that helps NGOs to find partners around Europe either for a project partnership or general international cooperation.

[WCVA - Third Sector Data Hub](#)

The Data Hub is intended to help demonstrate the impact of the third sector's work in Wales through regularly-updated statistical information about third sector activities, including numbers of organisations, sector income, volunteering hours, areas of work,

where groups are located and more.

[WCVA - Third Sector European Team \(3-SET\)](#)

WCVA's 3-SET service is part funded by the European Structural & Investment Funds to support third sector organisations seeking to access European funding with information, advice, resources and training.

[WCVA - Volunteering Wales – New Volunteering Database](#)

Register on the new Volunteering Wales database to search for or advertise volunteering opportunities in Wales.

[Welsh Government - Future Trends Report](#)

The [Future Trends report](#) has been designed to support the public sector in Wales in making better decisions for the long term. It identifies the key social, economic, environmental and cultural trends that could affect Wales in the future, as well as some of the factors that could influence the direction of those trends. The report sets out the future trends under six themes: Population, Health, Economy & infrastructure, Climate change, Land use & natural resources, Society & culture. The [report](#) encourages readers to consider these future trends in combination with each other, and to start to identify and discuss the potential opportunities and challenges they might present for us all.

[Welsh Government - Natural Resources Policy](#)

The Natural Resources Policy (NRP) is the second statutory product of the Environment (Wales) Act. The focus of the [Natural Resources Policy](#) is the sustainable management of Wales' natural resources, to maximise their contribution to achieving goals within the [Well-being of Future Generations Act](#).

The policy sets out three **National Priorities**:

- Delivering nature-based solutions,
- Increasing renewable energy and resource efficiency,
- Taking a place-based approach

[Welsh Government - Prosperity for All: National Strategy](#)

Welsh Government's Programme for Government, [Taking Wales Forward](#), outlines the commitments which will be delivered over the next 5 years to help drive improvement and make the biggest difference to the lives of everyone in Wales. [Prosperity for All: the national strategy](#) takes those commitments, places them in a long-term context, and sets out how they will be delivered by bringing together the efforts of the whole Welsh public sector. Alongside the national strategy Welsh Government have also published a [well-being statement](#) explaining how they have used the [Well-being of Future Generations \(Wales\) Act](#) to support the development of the national strategy and identify a single set of government objectives and steps.

[Welsh Government - Well-being of Wales 2016-17 Report](#)

Welsh Government's report provides an update on progress being made in Wales towards the achievement of the 7 well-being goals by reference to the 46 national indicators for Wales and additional contextual information where appropriate.

[Welsh Government - Woodland and Trees Strategy for Wales launched](#)

Woodlands for Wales includes plans for both large and small scale woodlands with both conifer and broad-leaved tree species. It recognises the importance of increasing the number of trees in the wider countryside and in urban environments.

Wildlife Trusts - Homes for people and wildlife: how to build housing in a nature-friendly way

Guidelines published by The Wildlife Trusts show how new housing developments can be built in a way that provides people with greener, inspirational homes which help to reverse decades of wildlife and habitat decline. The guidance also highlights the myriad of social, environmental and economic benefits of this approach.

Wildlife Trusts – Living Seas Report

With the UK planning to leave the European Union in 2019, we have a unique opportunity to revolutionise the way we manage our vulnerable seas. Government's first responsibility is to ensure that we bring across existing European regulations which provide protective measures for our seas and sea-life – we need to safeguard existing protective law, as promised in the Withdrawal Bill. With that done, The Wildlife Trusts have identified five key challenges that must be addressed to restore our Living Seas and secure their health for future generations. Our new report, **The Way Back to Living Seas**, outlines a revolutionary new approach to the way we manage our seas that will address these challenges and create a UK surrounded by inspiring, life-filled and sustainable Living Seas.

The Woodland Trust - Sustainable land management: How woods and trees can deliver public goods in Wales

In this policy paper The Woodland Trust sets out their position on the opportunities and risks to the future of sustainable land management utilising trees and forestry, and how these natural assets can deliver public benefits

The Woodland Trust - Tree Planting Packs

The Woodland Trust is the UK's leading conservation charity dedicated to the protection of the UK's native woodland heritage. The Trust campaigns to protect ancient woods, improve woodland biodiversity, increase native woodland cover and increase understanding and enjoyment of woods.

The Trust has a range of tree packs to suit schools, youth groups and communities. The Trust believes that trees enhance the places where people live, learn, work, rest and play; help to improve health and well-being; attract wildlife; and create spaces for leisure and recreation.

There are 3,250 tree packs available to give away for spring 2017. Groups can apply for up to 420 trees in each application cycle. Trees will be young saplings about 20 - 40cm high, sourced and grown in the UK. This can be as one large pack or a combination of medium and small ones.

Tree packs are available in three sizes:

- Small packs contain 30 saplings for creating a small copse or short hedgerow and is ideal as a starter pack or a small project.
- Medium packs contain 105 saplings for planting either in small groups of trees or as a hedge (approx. 30m).
- Large packs contain 420 saplings to create a long hedge (approx. 120m) or if planted as a block of trees, there is sufficient for approximately one acre of land.

WRAP – The UK Plastics Pact

The UK Plastics Pact brings together businesses from across the entire plastics value chain with UK governments and NGOs to tackle the scourge of plastic waste. Find out more about the pact and how to get involved **here**.

WWF – Saving The Earth: A Sustainable Future for Soils and Water

A new report by WWF, The Rivers Trust and The Angling Trusts shows that spending approximately £10 million a year on soil protection measures would ensure a future for agriculture and reverse the decline of our precious rivers. The report also shows that using current farm subsidies to encourage farmers to turn small areas of farmland into grassland, woodland and/or wetlands would create huge benefits for nature and society.
